CAPT. POPE INJURED.

Horse Fell Suddenly, and the Captain Was Severely Hurt.

Our Boys, in Common With the Other Canadian Troops, are Receiving Encomium on Every Side. (Special to the INTELLIGENCER.)

ROCHESTER, July 3. We have been received with open arms. Nothing is too good for us and the pleasure we feel is shared by the boys of the streets of Rochester made the boys feel proud.

There is a tremendous crowd here, and they say thousands more are coming. Where they will find accommodation goodness only knows, for the hotels are crowded already.

Excursions have been coming in from places within a hundred miles of Rochester, and they are still coming.

The decorations on the streets are brilliant and beautiful, all the girls are wearing the Union Jack and Stars and Stripes side by side, and the enthusiasm and good-fellowship of everybody can hardly be exaggerated.

We are told that the first of the Canadian troops to arrive was the 14th Rifle from Kingston, who got here at midnight on Sunday. They came on the steamer Toronto, and went from Charlotte to Rochester by special train. They say there were 10,000 people to meet them.

It was nearly seven o'clock when we got into Charlotte, and we marched from the lake to the city, escorted by the 1st Separate Company of the New York National Guard.

The Livingston Hotel, where the men are staying, is a first-class hotel, and we are just enjoying ourselves royally. The officers are at the Power House, and they don't appear to have any kick coming.

We spent the day going around Rochester seeing the sights. Everybody seems glad to see us, and are doing their best to let us know it.

Many Belleville people have been to see us—I haven't time to give you their names, but you would think they never would get tired of shaking hands with the boys. One of our men tells us he saw seventeen the first hour.

They tell us there will be a great time to-morrow, and I can't believe that will be. The great parade and review will take place in the afternoon, and there will be 15,000 soldiers in line. The Canadian Militiamen have been given the posts of honor.

The only thing to mar our pleasure so far was the unfortunate accident which befell Capt. Pope, of No. 1 company. While riding his horse this afternoon, he became frightened and plunged violently. Suddenly it fell, and before the Captain could extricate himself, he was down with his left leg under the horse. Every attention was shown him and he was taken to the Homeopathic Hospital, where it was found that a serious fracture of his left leg had taken place. It has cast a gloom over the whole Battalion, and the men of No. 1 especially feel bad, for Capt. Pope is a deservedly popular officer.

We are looking forward to a long march to-morrow, and I think we will get it.

A late telegram from Rochester says that Capt. Pope is doing well, and will be permitted, and if possible he will be brought home to-night.

(Other news of Battalion on page 2.)

A HORRIBLE DEATH

James Pringle, of Madoc, fleets a Terrible Fate.

A horrible death was that which befell Mr. James Pringle, of Madoc, on Saturday. The unfortunate man owns a line kilt some two miles out of Madoc village, and on Thursday last burst a kilt. On Saturday morning he started to work taking out the line and was working on top of the kilt when some stones gave way and he was precipitated into the kilt, where he was unable to extricate himself owing to stones falling in upon him. In this manner he was slowly roasted to death, the body being recovered some time after the accident. The clothing was burned off and the flesh upon the body burned in such a manner as to peel off. Mr. Pringle was a highly respected resident of the municipality and was a member of the Madoc and Orange societies. He was about 27 years of age and had been married but three months. The funeral, which took place on Sunday, was one of the largest which has been held in Madoc for some time. It was under the auspices of the Orange Order.

THEY ARE THE MEN.

The Suspects Arrested at Campbellton Identified by Detective Greer as Pare and Holden.

(By Associated Press To-day.) CAMPBELLTON, N. B., July 4.—Detective Greer, from Toronto, arrived here this morning, and, on seeing the men arrested here recently on suspicion of being Pare and Holden, the escaped bank robbers, identified them as the men wanted.

The men will leave for Toronto to-morrow morning's express.

They have been very reticent all the time of their incarceration here. They have been guarded by five or six well armed men, but to-day the guard has been increased, to insure the safe keeping of the prisoners until they are ready to leave for the west to-morrow morning.

THE ROLLING MILLS.

Some Information Concerning Them Which Will be of Interest to the General Public.

The promoters of the rolling mills industry are greatly pleased at the progress which is being made in the erection of the plant. To the contractors, Mr. W. Alford and Ald. Hanley, is due much credit for the manner in which they are prosecuting the work. The brick work of the mill and spike factory is completed, and the roof upon this structure is also nearing completion.

When covered by the sun, dressed for the occasion? You cannot possibly expect to be cool and comfortable on a hot day and still wear your heavy clothing. The Oak Hall cannot make you comfortable.

The extension of Wharf street, to the buildings has been completed. On Friday last the ground was rolled in with a steam roller, and the road was put in an excellent condition.

In conversation with Mr. Mitchell, in reference to the railway siding, he informed that the siding will be made for the extension of the road, and the western terminus, are expected to call here on their return and this matter will then be settled.

On Sunday Mr. Mitchell left here for his home in New York, on business connected with the industry. There he will meet Mr. Peacock, the Company's engineer and superintendent of the works, and afterwards he will be in the city to the shipment to Belleville of some portion of the plant, which, it appears, cannot be purchased in this country. This is expected to arrive here in a few days. The new factory will be made for the citizens generally, as the starting up of this industry they believe is the beginning of an era of prosperity to the City.

VALUE OF CANADA'S CANALS.

Engineer Cooley Speaks of Our Soulages Canal.

Advisory Engineer of Governor Black's Commission Thinks Our Deep Waterway System Will Reduce the Rates From One to Two Cents a Bushel—Will Enlarge the Area Contributory to Chicago and Dismiss Traffic South.

Chicago, July 4.—Chicago officials of the International Deep Waterways Association are planning a trip to Canada in August to see the opening of the Soo-Lakes Canal. Lyman E. Cooley, American president of the association, and yesterday that a party would probably be organized, including as invited guests a dozen or more representative citizens interested in the deep waterways movement. Four of the officers of the Deep Waterways Association are: President, Capt. J. S. Dunham, being treasurer, O. A. Thorpe State president, and George O. Smith, a number of the executive committee. The president of the association is O. A. Howland of Toronto, Canada.

Last Link in the Chain.

The chain of improvements that the Canadian Government has been making along the St. Lawrence River for a number of years. As soon as it is opened, it will draw 14 feet of water or less can pass freely from the ocean to the Great Lakes, and vice versa. This change, according to Mr. Cooley, who has studied the transportation problems of the country for many years, will have a far-reaching effect on commerce. He said yesterday: "I am confident that the new canal will reduce the rate to the seaboard from one to two cents a bushel on grain. This will enlarge the area of territory commercially tributary to Chicago, and diminish the amount of grain now going south to Galveston, New Orleans and other Gulf cities. Likewise it will have a tendency to bring to Chicago the grain that is now going by the all-rail route to New York. On the export business of the country the effect will be a marked one."

Rival New York in Commerce.

"If this lessening of rates is permanent, and I see no reason why it should not be permanent—the building of elevators and other terminal facilities at Montreal will be checked, since there will be no need of transferring grain. Steamers can run from Liverpool to Montreal much more profitably than to New York, and the coal supply is much less. A transatlantic line of steamers with cargoes from Montreal outward will be a great asset of inducing them to bring back freight at rates as low as or lower than the New York rate, and this might in time cause Montreal to gain ascendancy over New York's import trade. It seems to me that New York can only hope to retain its present commerce by securing the construction of the proposed deep waterway across the State to the Hudson. This waterway would make New York City the cheapest port of export for more than half the grain exported, and would assure to the city supremacy in the matter of imports, for where ships can regularly get full cargoes they will return as soon as possible and bring back whatever they can get at low rates."

NEW LIGHTWEIGHT CHAMPION.

Frank Erie Outpointed Kid Lavigne in 20 Rounds at Buffalo.

Buffalo, N.Y., July 4.—Another pugilistic champion has gone under, and again a younger man supplants an older one. Frank Erie of this city met George Lavigne of Saginaw, Mich., in the open arena of the Hawthorne Athletic Club at Cheektowatch, a suburb of this city, last night, and after fighting 20 fiery and clever rounds, wrested the lightweight championship of the world from the western man. Over 7,000 persons watched the contest, which was brimful of exciting moments and chock full of hard and scientific hitting. Lavigne went down to defeat and surrendered the coveted title, in a most creditable manner. However, the old game to the core, and for the first half dozen rounds more than held his own against his adversary. In the seventh round Lavigne resorted to a terrible drugging, and was only saved from a knockout by the timely interference of the gong. But Lavigne simply lashed the life out of his opponent, and while not escaping a good deal of punishment he acquitted himself in a terrible manner. Lavigne, The Kid was game to the end, however, although his guard was loose.

UNION JACK AND STARS AND STRIPES

They Were Floating Side by Side All Over Rochester.

It was a Case of "Veni, Vidi, Vici" With the Canadians—Nothing was too Good for Them—The March Yesterday a Hard One.

We heard as marching orders had been sent to Tommy A. To forward march, double quick, and celebrate the day of England on the staff where "glory" flies. And hung their British Jack around, to gladden of his eyes. And we're waiting for the morning when the bands begin to play "God Save the Queen," "America," it's all the same today.

The above verse had the place of honor under the heading of the Rochester Post Dispatch's report of Monday's proceedings, and it may be taken as fairly illustrating the feeling with which the XV. Batt. were received.

From the Commanding Officer, who said "It was one continued ovation. Nothing was too good for us. It will be a red-letter day in the history of the Argyl Light Infantry," down to the smallest bugler, who said "Oh, boys, that was a time on your life," everybody is talking about the good time he had and praising the hospitality of the citizens of Rochester. To quote the words of a gentleman connected with the Battalion, "The legend which was inscribed on various streamers flying all over Rochester, 'The City is yours,' was more than a figure of speech, for the Canadian troops seemed to be welcome to the perfect freedom of the City." We are told that the very pretty effect cannot be described of the great profusion of flags draped in every conceivable shape and design. The most satisfactory things to our citizens, and yet a thing which no one was the least bit dubious about, was the fact that "not one unseemly act" was reported on the part of one member of the XV. Batt. Everywhere old-time Canadians would come up and cheer and say "God bless you, boys, and many similar expressions, and not one of the Argyls has the story of an unkind look or word to tell. The Oddfellows Band gave a concert at General Park on Monday afternoon, where thousands were assembled, and, as our informant says, "To say the Band met with a warm reception would be an understatement. They played the National Anthem the audience went wild. The Rochester Herald gives the following programme of the concert: 'The Thunders'—Solo, 'Sousa, Clarinet solo—Introductory, 'Nassau Polonaise—Voyage of Life,' Collins Bass solo—'Robert Blair's March—British Grenadiers'—Solo, Saxophone solo—'Long Ago—Masten O' Brickenman.

Commenting on it the Herald says: "The audience listened with genuine delight to the splendid music furnished by the band, under the skilled leadership of Bandmaster B. R. Rice. He has a fine lot of musicians, and the manner in which they play together indicates that his ability for directing is of the highest order. There was the usual combining of British and American airs, and the crowd cheered both with entire absence of discrimination. It was plainly evident that the occasion had awaked all thoughts of favoritism, and when the band struck up the old familiar air of 'America,' there was a deeper emotion than mere celebration took possession of the crowd and it cheered to the echo as soon as the first strains of the National Anthem rose on the air. The Canadians seemed to understand it and to enjoy it too, for many of the red coats joined in the cheers and appeared to relish them. There was no spirit of exclusion in it; only the feeling of a people who passionately love their country, and it sent the blood tingling through the veins so that the boys from across the lake could understand and hardly escape a sense of admiration."

It seems that the horse which injured Capt. Pope was a lively animal. The Capt. returned with the horse this morning. Speaking of the XV. Batt. the Rochester Herald has the following to say:

The Fifteenth Battalion is one of the most renowned in the Canadian service, and has been active not only on this continent, but in India and the Crimea. They are a brave lot of men and carry their military uniforms with dignity and martial bearing.

As has been said, the Fifteenth numbers among its members men who have seen active service and carry with them proof of their bravery and devotion to duty. Major Halliwell fought during the great Northwest rebellion and received a bullet through the shoulder which won for him the cross of honor. Sergt. Major Aris and Sergeant Aris both saw service in the same war, and the former carried the Saskatchewan medal. Assistant Sergeant Major Luscomb is the oldest member of the Battalion and fought through the Crimean War. He wears the Crimea medal, not on the Alma, Balaklava and Sebastopol clasp. In addition to this Sergeant Luscomb fought in the famous Sepoy rebellion and wears the Lucknow medal. Sergeant Instructor Young, R.R.C.I., who is attached to the battalion, was a representative of the Canadian militia at the Queen's Jubilee in 1897.

The bicycle section, under command of Sergeant J. E. Dempsey, bears the distinction of being the fastest corps of its kind in the Canadian service.

Major J. W. Johnson, of Belleville, Ont., and Capt. W. W. Pope, A Company XV. Batt., Argyl Light Infantry, veterans of the Fenian raid in 1866, are in the city with the Batt.

The Marquis of Lorne, son of the Duke of Argyll, is honorary Lieut.-Col. of the Batt. He is the first Canadian appointed to that position in the colonial forces.

THE BANQUET.
(Rochester Herald.)
The most pleasing social event of the day was the banquet that was tendered last evening to the officers of the Canadian

companies at Hotel Ontario. The start was made from Powers Hotel at 5 o'clock in the afternoon, from which place a special car, given through the courtesy of Manager J. J. Nickoll, conveyed the guests to the beach. The party consisted of the Officers of the 14th Battalion, of Kingston, the Princess of Wales Own Rifles, of Kingston; the Officers of the 15th Battalion, of Belleville, Argyl Light Infantry; the Officers of the 1st and 8th Separate Companies and Naval Reserve, and a few civilian guests.

An elaborate banquet was provided by Manager George Sawney, of Hotel Ontario, to which the officers of the Canadian and American companies sat down side by side. During the meal Liberator's Band played the martial airs of both countries; when the strains of "The Star Spangled Banner" and "God Save the Queen" were heard the company arose and remained standing until the last bars were played.

The tables were set on the hotel veranda and after the banquet was concluded the entire party adjourned to the inner room where considerable impromptu speaking was indulged in by the visitors.

Major Warner was the only local speaker, giving a short and happy address of welcome.

"It is my pleasant duty," he said, "to extend to you a hearty welcome to Rochester. You do not need to be assured of the fact that you are welcome. When the soldiers of Rochester went over to Kingston to help you celebrate the Queen's Birthday, you gave us a royal reception. Many of the same committee who had charge of that occasion are interested in this celebration and have invited you here."

"We are glad to get better acquainted with you. We want to expand, commercially and socially; to know one another better. We should be together."

"I am going to turn over to you the keys of the city. You can have not only the keys but anything else in the city you want. Take anything you want and carry it home with you. We will come over to Canada and bring it home with us again some other time."

Captain E. G. Smith spoke briefly, saying he extended in behalf of the officers of the Rochester companies the good will expressed by Mayor Warner.

MAJOR JOHNSON RESPONDS.
Major J. W. Johnson, of Belleville, made response in a most eloquent speech. "We have been engaged to-day in healing an old family quarrel," he said, "We have been ratifying the Anglo-Saxon alliance. You started out 125 years ago to do business for yourself. You had good credit and you have prospered wonderfully. We stand to-day in full citizenship with Great Britain—we are junior partners in the firm. We love our country as you love your country, and this is as it should be."

"Take any 10,000 men in the United States and you will find that 150 of them are Canadians. Let me tell you another fact that you may not know: if you take 100,000 men in Canada, you will find that 100 of them are Americans. More Americans are now coming to Canada than Canadians to America. The Canadians are going to your land, and the Americans are going to the great plains of the North."

"But we are all of the same stock and of the fact all of us are proud is that another stock in the world from which we would prefer to spring? Are there any laws that we would prefer to obey than the old Magna Charta and the habeas corpus act? Are there any other women we would rather love than the women of the English-American stock?"

"We have seen the American and English flags united to-day, entwined in token of friendship. May they never be untwined."

"Let us say another thing. There are many Canadians in Rochester who have acquired the right of franchise and who can vote this day. I hope they will all vote for Mayor Warner as the next Mayor of Rochester. I hope they will re-elect him Mayor and later put him in the national chamber."

"Gentlemen, our hearts are simply overflowing with gratitude. We hope the time will come when we can show you how much we appreciate your courtesy. If you will return our visit, we will show you in our little city how grateful we are."

Major Johnson's remarks were received with the greatest enthusiasm, the Canadian visitors responding to his sentiments of friendship by the English manner of calling "Cheers," while the Americans applauded after the usual custom.

Surgeon Dr. Herald, of Kingston, made an eloquent speech, and among other things said:

"On behalf of the city of Kingston, I thank you most heartily for the cordial reception you have given us, as citizens of Canada, and I hope to have another opportunity to show our appreciation of your courtesy."

Major R. S. Kent, commanding officer of the 14th Battalion of Kingston, was next called upon and he responded briefly but feelingly:

"Words cannot express my feelings," he said, "at the way we have been received in Rochester. The reception is far beyond anything we had anticipated. I wish to thank you for the great pleasure you have given us since our arrival here."

Lieut. Col. W. N. Ford, of Belleville, as Vice Consul, having been appointed by the late lamented President, James A. Garfield, to the position of Vice Consul between the two countries, but they have disappeared. We feel now these troubles were due to a misunderstanding; there is a humanity that is broader than national lines.

"Although a citizen of Canada and a subject of Queen Victoria, I have had the honor to represent the United States as Vice Consul, having been appointed by the late lamented President, James A. Garfield, to the position of Vice Consul between the two countries, but they have disappeared. We feel now these troubles were due to a misunderstanding; there is a humanity that is broader than national lines."

"I wish to say simply that we have enjoyed ourselves greatly during our visit here and hope the day to have the chance to show how much we appreciate you."

PEPPER SHARES.
Safest Investment, Largest Dividends.

A portion of the full paid and non-assessable capital stock of the Boston & Texas Copper Company is offered for sale at Five Dollars per Share (par \$10 for Treasury purposes), and is recommended as a safe and highly promising investment.

The company controls twelve thousand acres of rich copper land in North Texas which is also valuable for farming and town site purposes. The tract is some 10 miles long and about three miles wide. It is equivalent in size to five hundred ordinary mining claims.

The property has been developed sufficiently to begin producing at once, large amounts of copper being taken out and refined. The property is also rich in lead, zinc, and silver. The company also controls a large tract of land in the State of Texas, which is also rich in copper, lead, zinc, and silver. The company also controls a large tract of land in the State of Texas, which is also rich in copper, lead, zinc, and silver.

FROM REPORT OF GEORGE F. RENDALL, MINING ENGINEER.

"It is a self-evident fact deducible from every report that on this property large bodies of copper ore exist and that hundreds of tons have been shipped of high grade ore."

"That a deposit of this nature can at a very small expense be made to yield handsome profits from all existing reports, appears not only likely but certain."

The Methodists of the Canfield Circuit yesterday had a picnic which was an enjoyable affair. They drove to the City, boarded the steamer Merritt and went to Pictou where the day was spent. The party returned at 7 o'clock last evening after having had a pleasant time.

Rev. L. H. Jordan Named.

A Likely Successor to the Late Dr. King in Manitoba College.

Winnipeg, Man., July 6.—President Molin has decided to appoint Rev. L. H. Jordan, of the Northern Pacific, as the successor of the late Dr. King in the Manitoba College. The appointment was made after a long and careful consideration of the various candidates who had been suggested. Rev. L. H. Jordan is a well-known and highly respected member of the clergy, and his appointment is considered a great gain to the college.

FROM REPORT OF PROF. W. M. DRYE, FORMER STATE CHEMIST OF TEXAS.

"Such numerous outcrops of copper ore have been traced over the summit and sides of those hills that out of 12,000 acres of land which the company own, hardly a 160 acre tract should be found without one upon the surface."

"A cross-section to the depth of 15 feet was made upon the hill, and ten hours' work resulted in the raising of 6,000 lbs. of rich copper ore, averaging about 60 per cent. of copper. (Worth \$360, net.)"

"It is easily melted and the strata in which it is found can also be more economically excavated than in other copper ores occur."

FROM REPORT OF FRANCIS ARTHUR REALL, SUPERINTENDANT.

"This property is all right and there is all the copper you want here. I think it is the best in Texas and it seems to have been selected as such for copper. It is near the top of a water found at Corrientes. I think there is oil here because there is coal. Oil has been found at Corrientes. The property is adapted to general farming purposes which seems to be very profitable here and a town could be laid out on it and a railroad built to Dundee, 12 miles, to a great advantage."

FROM REPORT OF PROF. W. F. CUMMINS, FORMER GEOLOGIST OF TEXAS.

"In order that I might see the condition of this ore after this amount of work had been done, I employed a few hands and cleared out the tunnel, when I found a lot of copper. This is the desalpine of copper and will yield as high as 70 per cent. of copper. I drove the tunnel twenty feet further into the hill, following the ore. When I had gone about twelve feet I struck another level of ore eight inches east and six inches below the first. In three feet more we struck another level below the second. These levels are not quite parallel, but are slightly converging, and will not doubt finally come together and form one. These levels are entirely free from the main fault, which you may have to take a short distance. Immediately below the lower sandstone is a stratum of cupiferous marl which extends the entire width of the tunnel, say four feet, and is probably much wider. This marl will yield about 15 per cent. of copper."

FROM REPORT OF T. BURTON EVERETT, MINING ENGINEER AND EXPERT.

ANCHER CITY, TEXAS, May 3, 1899.

Hon. Emory M. Low, President, and Mayor of the City of Brockton, Mass., President. George W. Russell, Pastor, Brockton, Mass., Vice-President. Major F. M. Spaulding, 2d Vice-President. Col. Edward B. "A very limited amount of stock will be sold at the price of \$5.00 per share and those wishing to secure shares should act at once. The stock is full paid and non-assessable. As soon as this allotment is sold the price will advance."

Amount of land, quantity and quality of ore, cheapness of mining and treatment, nearness to transportation, favorable climate for continuous work the year around, the increasing demand and profit in producing copper, the Boston & Texas Copper Company's position in the market, unequalled advantages and affords the best kind of investment. It can easily earn 50 per cent. per year on the price at which the stock is here offered.

SNAP SHOTS AT TIMELY TOPICS.

A Stony Creek man courted a Hamilton girl and they were to have been married. Just before the ceremony started it was discovered that he had a wife and ten children living at Stony Creek. Most people would think a family of that size enough for one man.

They say some of the Canadian Militia in Rochester were sent with identification cards filled in as follows:
Q.—Name
A.—Don't know.
Q.—Size of hat?
A.—Tell you in the morning.
Q.—Name of watch?
A.—Got none.
Remarks—Having a h—of a time.

AN OFFICIAL VISIT.

Brethren of the A. O. U. W. Have a Good Time at Northport.

Last evening Mr. W. H. Adams, D. D. G. M. of the A. O. U. W., paid an official visit to Northport Lodge. He was accompanied by a number of the brethren of the local lodge. In addition there were representatives from Trenton and Amherstburg lodges, the party being transported by the steamer Varuna. Upon their arrival at the village they were escorted to the hall by a torchlight procession which was viewed by hundreds of people. The lodge room, although spacious, was filled to overflowing. After the business of the lodge had been completed the company repaired to the hall and a banquet was held. The spread prepared was all that could be desired. A most pleasant time was spent in speaking and song. The party arrived home at a reasonable hour, much pleased with the outing.

Safe, Sure and Painless.

What a word of meaning this statement embodies! Just what you are looking for, it is not? Patience's Painless Corn Extractor—the great sure cure—acts in this manner. It makes your spots; safe and speedy with certainty; sure and mild, without inflaming the parts; painlessly. Do not be imposed upon by imitations or substitutes.

PERSONAL.

The Extra-Atlantic invites all its readers to contribute to the relief of a personal nature, such as the arrival or departure of a person, such as a friend, a relative, a business man, etc. All that is required is a post card to be telegraphed to the Editor.

Mr. F. M. Clarke went to Cobourg to-day on business.

Mr. and Mrs. E. D. O'Flynn, of Madoc, were in the City to-day.

Mrs. J. R. Mikel, who has been ill for some time, shows no sign of improvement.

Mrs. Geo. H. Pope has gone to Montreal, where she will remain for some weeks.

Mrs. P. D. Sprung and daughter, of New York, are in the City visiting friends.

Mrs. Florence Carlett has returned to the City after a visit to friends in New York.

Mrs. Georgia Palos, of Ithaca, N. Y., is in the City visiting her father, Mr. Fred Palos.

Major W. W. Pope, who was injured at Rochester, is progressing as favorably as could be expected.

Mrs. (Rev.) Curtis, missionary from Quibana, Central Africa, is for a few days the guest of Mrs. Lake and Mrs. Bird.

Miss Ada Roseover, of Westboro, is in the City and will spend the summer holidays with Mr. James Warham, Moira st.

Mr. C. Yeomans, Actinotele, called at the Assay Office on business to-day and reports development on the James misquid mine.

Mr. Thomas Smith, Henry st., has returned from Stamford, Ont., where he was attending the funeral of his brother's wife, Mrs. Sylvester Smith.

John Campbell, F. M. Leich, H. C. Douglas, W. R. Allison, Francis T. Peacock, Montreal: E. M. Zwarts, T. H. Hamilton, W. S. Walker, J. M. Birmingham, G. A. Kingston, Toronto: L. B. Hamilton, Winnipeg: S. B. Bony, Boston: Mr. and Mrs. E. O'Flynn, Madoc; J. A. Wilson, Ingersoll, are guests at the Quinze.

Home on Rochester.

The sailing yacht Iolanthe, having on board a party of Bellevillians who went to Rochester to attend the celebration, arrived in the harbor at 7 P. M. yesterday.

The yacht Vera, which had a similar party on board, arrived this morning.

They report having had a most enjoyable trip.

The party on board the Iolanthe were the guests of the Rochester Yacht Club.

Mr. O. C. Leavens, who was amongst the party, states that the Rochester yachtmen were jubilant because their yacht, the Genesee, had won its first trial race at Chicago for the cup put up for competition between Canada and the United States.

The other members on board the Iolanthe were: Messrs. H. Horne, F. Brimble, Geo. Thompson and L. Goldsmith.

Battalion Notes.

The officers and men of the XV. Battalion, as yet speak of nothing but the Rochester and the hospitalization in which they were treated. Mayor Warner, of the Flower City, is an idol in the eyes of many, his treatment of the officers being unsurpassed.

To-morrow evening the Battalion will parade and a full turnout is requested. There will be two more parades after to-morrow evening, before inspection.

GIVE THE BOYS A HAND.

A subscription list is going the rounds, the object being to raise a fund for the purpose of putting the track at the Exhibition grounds in proper repair. The Committee so far have not met with very encouraging success. The Intelligencer will receive and acknowledge subscriptions for that purpose. Everybody is welcome to subscribe, and anything in the shape of coin of the realm, from twenty-five cents to one hundred dollars, will be gladly received. We have some very promising young riders in the City, but, of course, without proper means to train and prepare themselves, they can't do their best. The Belleville boys have been time front rank in days gone by. Now, gentlemen, come to the centre and give the boys a chance to show what they are made of to-day.

The Argonaut Eight Beat the Dutch, But the Argonaut Four and All the Stogies Were Beaten.

Henley-on-Thames, July 6.—All the Argonaut Rowing Club's entries from Toronto, Canada, participated in the second day's contest of the Royal Regatta yesterday, and last evening there was only one boat remaining.

Bright lost to Howell, the champion, in the singles.

Goldman lost to Hemmender of Oxford in the singles.

Thompson lost to Ashe on a foul in the singles, though the Canadian was first to finish.

The Argonaut four lost to Trinity College, Oxford.

The Argonaut eight beat the Dutch, and are still in it for the Grand Challenge Cup.

In the first heat for the Grand Challenge Cup the Argonauts (Toronto) eight beat the Dutch crew from Delft by two feet. Time 7 mins. 6 secs.

The Dutch students in the Dutch boat started very badly, rowing 34, while the Argonauts of Toronto got away well at 40, and secured a lead of a length before the Dutchmen knew where they were.

Above the island the Dutchmen caught the Canadians, and led at Taylor's Court, in 3 mins. 10 secs., by the length of their forward canvas. Thence there was a terrific struggle. The Canadians spurred again and again, and just as they reached the post, succeeded in getting the nose of their boat in front. The time made considered very fast. It was the general opinion that the Argonauts had a narrow escape from defeat.

A Fashionable Cut

Is what you get in our \$6.50 and \$10.00 Suits. These two lines have had an immense run this season and we have just added six more new patterns to our already large range at that price for the summer trade.

The Suits are made of fine Canadian Tweeds, Serges and Worsteds, and lined, trimmed and made like the finest custom work.

So many young men who have been accustomed to pay from \$15 to \$20 for ordered suits are now buying our ready-to-put-on suits at \$7.50 and \$10.

The patterns of goods for our BOYS' CLOTHING are of especial beauty and represent the choicest of the world's looms and we know from experience that boys between 14 and 19 years old are more particular and fastidious than the average man in the styles of garments they wear. They have ideas of their own—youthful tastes, sprightly notions, and our clothing meets requirements to a "T." We show dozens of different styles, every one a beauty. Single and Double breasted Suits, Plaids and Checks, solid colors and mixtures, and the prices to suit all purses—lean or fat.

New York July 7.—Wallie Jackson, a new cyclist, declared he could ride at full speed by a train as Murphy did. On a wicker bicycle that he could keep up with a local train on the Belleville and Western railroad, he started in at Mountain station and bounded faster and faster as he went, and soon he was bearing O'Brien station, when his wheel went to pieces. Jackson is now under the doctor's care, suffering from cuts and bruises over his body.

REMOVED TO BELLEVILLE.

Transference of the Abbott Rolling Mills From Montreal.

A special to the Mail and Empire from Montreal, dated July 7th, contains the following which will be of interest to our citizens:

An old and popular Montrealer, Mr. Wm. Abbott, late of Abbott & Co., Metropolitan rolling mill, now of the Abbotts Mitchell Company, Belleville, Ont., left the city this morning, accompanied by Mrs. Abbott and their family, for their new home in Belleville. Mr. Abbott, who is the second son of the late Sir John Abbott, has resided in Montreal since his birth, and has a host of friends in the city, both in business and social circles by whom he will be very long and sincerely missed. Mrs. Abbott, who is a daughter of late Hon. J. H. Gray, of Charlottetown, P.E.I., one of the Fathers of Confederation, has lived in Montreal only since her marriage, but during that time has made many friends.

The Abbotts Mitchell Company's rolling mills are an important addition to the industries of Belleville. The works lately removed from this city are being installed in the new buildings erected for the purpose on the free site given by the town, and will shortly be in operation.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at J. S. McKeown's Drug Store as their giving away to their many customers of so many free trial bottles of Dr. King's New Life Pills for Constipation.

Their trial is simply enormous in this very valuable remedy, from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases are quickly cured. You can test it before buying by getting a trial bottle free, large size 50c, and \$1.00. Every bottle guaranteed.

THE SIXTY-SEVENTH.

Bridge St. Sunday School Held Another Successful Picnic Yesterday.

It is worth repeating over again that the late Hon. Bill Flint was the originator of Sunday School picnics in Canada. In 1832 he was the Superintendent of what is now known as Bridge St. Methodist Sunday School, then Funnado St. Methodist Sunday School. The first picnic was held where now Grove St. is, which was then known as "The Grove," a few of the old original forest trees under which that first picnic was held are still giving ample shade.

Yesterday's event, perhaps exceeded them all. Over two hundred and a thousand persons were present. The day was an ideal one and as the Committee that manage these yearly occurrences are level headed and good natured, the public know that anything that foresight can provide for, or emergency require, they are equal to it.

The zest with which all go into making it a red letter day for anyone, but especially for the little ones is most commendable, and doubtless is one of the elements that enter into the school's great success. Friends had contributed over two hundred prizes, and for these competitors of all ages entered, giving three hours in which middle aged people became young again and "all went merry as a marriage bell."

Mr. F. E. O'Flynn and Alderman Jones had their usual golfing excursions on their steam yachts, while all the attractions of the Park, merry go rounds, ponies, bathing houses, ice cream parlors, were kept going all day long.

The officers of the Hero also deserve the customary commendation for their politeness and attentions to their guests.

WHO WILL GET THE REWARD?

It is Likely That Mr. Duff Will Have His Share of It.

Toronto, July 7.—The Attorney-General's Department has as yet received no application for the \$1,000 reward offered for the capture of Peter and Helen. Detective Greer stated this morning that the Campbellton merchant, Mr. Duff, who first directed the attention of Chief of Police Duncan to the prisoners, would be likely to share the booty with the officer. The case against Rogg is undoubtedly closed, and the charge of conspiracy, indignation. And more! Those hymns state Duff's food and fed him for weeks in most revolting messes, telling him in plain words that he was a man alive. They turned also into a night-mare. Duff's dearest night was the broiling sun.

"Four years of that!" exclaimed Mr. Duff, "I could not stand it any longer, indignation. And more! Those hymns state Duff's food and fed him for weeks in most revolting messes, telling him in plain words that he was a man alive. They turned also into a night-mare. Duff's dearest night was the broiling sun."

"Did not his wife, his family's, letters reach Duff?" was asked.

"For months Lebon suppressed letters to him. Then, again, his guards were instructed to poster and harass Duff to make a confession."

"See, even your family has abandoned you," they constantly said to him. "Better over up! Up! Up!"

Taught to Suspect His Wife.

"The fact is, Duff became the plaything of his coarse, idle jailers. He often heard them making disrespectful remarks about his wife; he heard their persistent intimations that she was anxious to re-marry."

"Duff wrote urgent appeals; asked for explanations. His letters were never forwarded. So he was left despairing until, while he was his guard's room, he read a letter full of the love he felt to his wife, and he heard her heart's cry for his return. He could not resist the temptation. He looked into his cell and, under the doors and windows, until the heat drove him nearly insane."

"Duff was so exasperated that once he threatened to strangle one of his torturers. But he immediately realized that he was the weakest of the slightest to shoot him. So he afterward submitted to all their infamies."

"Duff, of such infamy," cried Mr. Duff, "I could not stand it any longer, indignation. And more! Those hymns state Duff's food and fed him for weeks in most revolting messes, telling him in plain words that he was a man alive. They turned also into a night-mare. Duff's dearest night was the broiling sun."

"How did Duff escape? how did he get out of the prison?" the correspondent queried.

"At first he read and wrote, and tried to busy himself in mathematics," replied Mr. Duff. "But he had confessed he lost hope as the climate and the tortures undermined his health, and he became responsible of intelligent occupation. For months he passed several hours of the day pacing the prison enclosure. Like a caged lion. Finally he had not even energy to do that. Pacing with beat, he crouched in a corner, moving only as the sun moved, that he might keep in the shade. At the last he had become so weak that he could not stand the slightest exertion. He was the most abject of the abjects of the torturers."

"Did the thought of suicide ever come to your mind?"

"I asked Duff that question."

"Yes," he said, "often during the last year. But I would have been too impossible for me to have taken my life. Since the agitation in my behalf began he has not been so kind as to let me hear of my suicide lest they should be accused of my murder."

"Duff is now studying his case after a plan has been mapped out. He has all the documents. The trial probably will not take place in August."

"And you are confident of the result?"

"Confident!"

Lebon arose, and, with a combative look in his defiant face, exclaimed: "If they want fight, now is the time. Let them all come on!"

Sir Richard Still Talking.

Paris, July 8.—At yesterday's sitting of the Verdy's arbitration commission, Sir Richard Webster, leading counsel for Great Britain, continued his presentation of the British side of the case.

DREYFUS ON DEVIL'S ISLAND

Description of the Tortures to Which He Was Subjected.

His Lamp Kept Burning All Night Over His Bed So That Tropical Insects Could Swarm About Him. He Had to Sleep With Thirst By Devilish Keepers—Threat at Him Through His Wife—Mental and Physical Anguish.

Paris, July 8.—Maitre Labori, one of Dreyfus' counsel, who has just returned from Rennes, has been interviewed regarding the description given by the prisoner of his treatment on Devil's Island. "Yes," said the great French lawyer, "he has told us of the devilish tortures to which he was subjected. It is long tale of unmitigated cruelty."

Labori added sadly: "His guards were the roughest, most heartless ruffians that could be picked out of the Gendarmes. They imagined that they would gain favor with the authorities by treating the prisoner with violence and mismanaging him. They were not aware that they could not tell you all the extreme tortures Dreyfus described to us, but here is an example."

Almost Having With Thirst.

"One day, when he was in a high fever, he accidentally upset a jug of water near his bed. His punishment was that no water was given him to drink for 24 hours. By noon next day he was almost raving with thirst."

"When a letter was sent pretending to warn M. Lebon, then the Minister of the Colonies, that Dreyfus would attempt to escape, although the letter was proved a forgery, Lebon ordered that Dreyfus be put in iron. Nevertheless, he was very ill, he was stripped and chained to his bed. Thus he was left 30 days without medical assistance."

"But this outrage, Dreyfus says, saved him. He was so sick at heart, so ill of body, that he was willing to die. But when he realized there was a plot to kill him he gathered all his energy to resist. So he lived."

There Was No Cage.

"It is true he was confined in a cage!" the correspondent asked.

"No," the story about the cage is not true," M. Labori answered. "But the torturer, M. Lebon, devised for Dreyfus a palisade-like enclosure, a tall fence, that was little better than a cage. Inside the refinement of cruelty that shut out even a view of the sea, that kept a man looking in such a trap, scarcely larger than an ordinary room."

Free to Tropical Insects.

"Another little diabolical measure was to keep a lamp burning over Dreyfus' bed all night long," M. Labori went on indignantly. "The pretext was that his every movement must be watched. What he did not know was to make a look-up! But the light attracted swarms of the fearful tropical insects that eat a man alive. They turned also into a night-mare. Duff's dearest night was the broiling sun."

"Did not his wife, his family's, letters reach Duff?" was asked.

"For months Lebon suppressed letters to him. Then, again, his guards were instructed to poster and harass Duff to make a confession."

"See, even your family has abandoned you," they constantly said to him. "Better over up! Up! Up!"

Taught to Suspect His Wife.

"The fact is, Duff became the plaything of his coarse, idle jailers. He often heard them making disrespectful remarks about his wife; he heard their persistent intimations that she was anxious to re-marry."

"Duff wrote urgent appeals; asked for explanations. His letters were never forwarded. So he was left despairing until, while he was his guard's room, he read a letter full of the love he felt to his wife, and he heard her heart's cry for his return. He could not resist the temptation. He looked into his cell and, under the doors and windows, until the heat drove him nearly insane."

"Duff was so exasperated that once he threatened to strangle one of his torturers. But he immediately realized that he was the weakest of the slightest to shoot him. So he afterward submitted to all their infamies."

"Duff, of such infamy," cried Mr. Duff, "I could not stand it any longer, indignation. And more! Those hymns state Duff's food and fed him for weeks in most revolting messes, telling him in plain words that he was a man alive. They turned also into a night-mare. Duff's dearest night was the broiling sun."

"How did Duff escape? how did he get out of the prison?" the correspondent queried.

"At first he read and wrote, and tried to busy himself in mathematics," replied Mr. Duff. "But he had confessed he lost hope as the climate and the tortures undermined his health, and he became responsible of intelligent occupation. For months he passed several hours of the day pacing the prison enclosure. Like a caged lion. Finally he had not even energy to do that. EXTRA GRANT TO W. C. A.

Much Business of Importance Was Transacted

At the meeting of the Various Committees Last Night—Streets to be Repaired—Our Faithful Economist and the Repairs to the Assay Office.

At the meeting of the Civic Committee, held last night, considerable business of importance was transacted, amongst other items being that of considering an additional grant to the Women's Christian Association in reference to assisting the City poor.

A deputation composed of Mrs. Furnival, Mrs. J. W. Dunnett, Mrs. C. Coleman and Mrs. R. J. Bell, representing the Hospital Board and the Association, were in the hospital yesterday.

Mrs. R. J. Bell stated that the Government grant to the institution had been de- cided and as a result they were running behind. What they desired was for the City to take care of its poor in the hospital. She gave a detailed statement of the ex- penditure in this branch of the work for the past four years which was as follows:

Year.	Patients.	Cost.
1894.	70	\$280.00
1895.	72	377.00
1896.	73	235.00
1897.	77	270.00
1898.	70	270.00

They were already behind this year, and were continuing running behind, hence their appeal to the Council. They would like the City to take the responsibility of the poor in the hospital.

The Mayor and some of the Aldermen spoke of the good work done by the ladies, and they did not wish to take it out of their hands.

After some discussion Ald. Hanley moved that a grant of \$300 be paid extra to the Association for the keeping of the City poor in the hospital.

This being satisfactory to the ladies it was unanimously adopted. After thanking the Committee for their assistance the deputation withdrew.

PUBLIC WORKS.
Ald. Hanley, Chairman, presided over this Committee. The following accounts were presented to be paid: Mac Machine Co., repairs, \$10.45; Pay sheet No. 18, \$430.89; Wm. Blain, painting, \$84.00; Washburn Company, fish tanks \$94.00; Washburn Company, \$113.14.

The Street Surveyor presented a report of work necessary to be done on streets and sidewalks.

On motion of Ald. Bogart, south Front st. and Victoria ave., from the Bank of Montreal to Front st. was ordered to be repaired, also Queen st., Albert st. and Victoria st., and such other streets as can be done.

The Street Surveyor stated that more work had been done but the steam drill was away.

Mr. A. G. Collins, who was present, said he would be returned on Saturday.

The Surveyor was authorized to build a water table on the north side of Bridge st. between Front and Pinnacle streets. He was also authorized to purchase a new cart for use at the quarry.

INDUSTRIAL AND PARK COMMITTEE.
In this Committee Ald. Bogart presided in the absence of the chairman, Ald. Hun- derford. A few accounts were ordered to be paid.

Ex-Ald. Collins, Harbor Master, was present, and was heard in reference to a matter pertaining to the park. He had been requested by a number of ladies and citizens to come before the Committee and ask that the steam road roller be allowed to go over the road leading to the park and level it. He also desired to state that Mr. H. Corby, M. P., had been paid \$400 towards the building of a bicycle path around the island by the City of the road. He asked that the Committee consider these propositions favorably.

Ald. Hanley thought the City should start a point to meet Mr. Corby's offer, and also do something in reference to the road.

After some discussion it was decided to leave the matter in the hands of the Mayor and Street Surveyor, who will report in reference to the matter.

Ald. Bogart called attention to the advisability of having some protection placed around the trees, as the boys were shaking them, which would tend to destroy them.

The Mayor thought the police should look after them. The park had now become a resort which was appreciated, persons visiting it daily, and everything possible should be done to improve it. The Police Magistrate was also going to put a fence around the park.

THE PEACE OF THE WORLD.

Pacific Settlement of International Conflicts.

Text of the Convention Presented to the Peace Conference, and Which Has Been Reported to Delegates to Peace.

Instructions Upon Their Government's Supplied by British, German and Italian Delegates.

The Hague, July 4.—The third committee sitting yesterday morning at the Hotel de Ville (the House in the Woods), discussed the arbitration convention drawn up by the Committee of Experts.

The delegates have only been acquainted with the proposals since Thursday, and they have not had time to consult their governments. Consequently, it had been decided that when the committee adjourned, the delegates should be given the opportunity to allow the delegates time to consult their governments and receive final instructions. The scheme is being drawn up by the Committee of Experts.

"Draft of Convention for the Pacific Settlement of International Conflicts." The draft deals with the maintenance of general peace, the second part with arbitration.

Text of the proposed Convention.
Article 1.—With the object of preventing war as far as possible, recourse to force in international relations, the signatory powers agree to use all endeavors to settle their disputes by peaceful means.

Article 2.—The signatory powers agree to settle their disputes by peaceful means, and to abstain from the use of force in international relations, except in the case of self-defense.

Article 3.—Independently of this, the signatory powers agree to settle their disputes by peaceful means, and to abstain from the use of force in international relations, except in the case of self-defense.

Article 4.—The signatory powers agree to settle their disputes by peaceful means, and to abstain from the use of force in international relations, except in the case of self-defense.

GRAY HAIR.

Some people do a whole lot of worrying about their gray hair.

They pick them out carefully, use all sorts of hair tonics, and in other ways try to hide the ravages of time. If they would only pay a moderate attention to the hair, they would show better judgment.

They would get at the starting point of the trouble, the things that make people gray. If the stomach works well, the blood will naturally be pure.

The blood running in the veins, its owner cannot be sick. He won't be nervous either, and his food will agree with him. He will be strong, and there will be no chance for consumption to get a footing. His head will be clear, and there will be within him, an ambition to work. Good health is such a fortunate thing.

Dr. J. C. Williams' Pink Pills for Pale People, is a medicine that induces good health. It strengthens the stomach, purifies the blood, cures the nerves, strengthens the lungs, and cures all diseases that are caused by a weak blood.

COPPER SHARES.

Safest Investment, Largest Dividends.

A portion of the full paid and non-assessable capital stock of the Boston & Texas Copper Company is offered for sale at Five Dollars per Share (par \$10 for Treasury purposes), and is recommended as a safe and highly profitable investment.

The company controls twelve thousand acres of rich copper land in North Texas which is also valuable for farming and town site purposes. The tract is some 10 miles long and about three miles wide. It is equivalent in size to five hundred ordinary mining claims.

The property has been developed sufficiently to begin producing at once, large amounts of the richest copper ore (40 to 70 per cent.) taken out and marketed, and inexhaustible quantities of copper mat and run from 1 to 5 per cent. copper found. (Calumet and Hecla and other great deposits are working on 1 to 5 per cent.)

The property is within 12 miles of a railroad and fuel and water are available. The ore can be mined on the surface and a few feet down, and can be mined and converted into copper cheaper than any other deposits in America. Copper will be produced on the ground and a plant of estimates cost \$3,000 to \$5,000 per day, net, with copper at 15 cts. per pound. It is now 18 cts.

The property has a historical reputation and a record in the State Geological Reports. It has been examined and reported upon by the highest engineering, geological and expert, author- ities and its merit and value are established beyond all question. It is not an experiment, nor its value speculative, they are proven and demonstrated.

For coughs, colds, bronchitis and all lung and throat troubles, there is no preparation of medicine can compare with **Hick's Anti-Consumptive Syrup**. It never fails to afford prompt and permanent relief. It removes all secretions and breaks the diseased parts. It immediately soothes the most troublesome cough, and by its soothing expectation, removes the mucus which sticks up the air tubes of the lungs, and difficulty in breathing, thereby affords relief to the chest. Public speakers and singers will find **Hick's Anti-Consumptive Syrup** of inestimable value, as it quickly and immediately allays all irritation, and looseness in the throat and bronchial tubes, and gives power to the vocal cords, rendering the voice clear and sonorous. If parents wish to save the lives of their children, trouble and expense, let them procure **Hick's Anti-Consumptive Syrup**, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

It is easier to be good than great—there is less opposition.

At Death's Door—Dyspepsia Compensated.—A Great Medical Triumph.—Gentlemen, I am a medical adviser and others told me I could not possibly live when I commenced with **Nathan's** **Vegetable** **Drugs**. I recovered from Dyspepsia. My case was one of the worst of its kind. For three years I could not eat meat and my weight decreased from 210 to 110 lbs. All the food I took for three months passed through my system. I had a table discovery consisted of milk. I am now entirely cured and have regained my usual weight and feel like a new man. I have sold **Nathan's** **Vegetable** **Drugs** in my neighborhood. I cured me, as I am well known, and people in this section know how to use it. I would not be cured, they are eager to try this grand medicine. It is easy to be good and live, it is easy to recover when first I commenced using it. I am not exaggerating anything in this testimonial and trust it may be the means of convincing others of the value of **Nathan's** **Vegetable** **Drugs**. (Signed) **John Valcourt**, General Merchant, Watton, N. B.

The sun shines for all, but the sleeping car porter does it for a quarter.

Totally Deaf.—Mr. S. E. Crandell, Port Perry, writes: "I contracted a severe cold last winter which resulted in my becoming totally deaf in one ear. After trying various remedies, and consulting several doctors, without obtaining relief, I was advised to try **Nathan's** **Vegetable** **Drugs**. I purchased a bottle and used it according to the directions. I have heard of other cases of deafness being cured by the use of this medicine.

Poems often come home to roost—if accompanied by a return.

Dogs are annually taxed two dollar each in Paris; but pups are exempt until they are weaned.

Cholera morbus, cramps and kindred complaints annually make their appearance at about the same time as the hot weather, green fruit, cucumbers, melons, etc., and many persons are debilitated from eating these articles. I have found that **Nathan's** **Vegetable** **Drugs** is the best remedy to obtain if they have Dr. J. D. Kellogg's Dysentery, Cholera, and take a few pills. It is a reliable cure and cures a remarkable manner, and is sure to check every disturbance.

Imperial Interests Say We Must Stand by Them.

Sir Wilfrid Laurier says British Columbia's Interests are Second to Those of the Empire. However, Mr. Laurier has increased from \$50 to \$500 on entering this country.

Ottawa, July 8.—Yesterday, the seventh Friday of the session, has been a quiet day, with a small attendance at both sittings of the House.

At the opening of the House yesterday afternoon the Speaker announced that the clerk of the Crown in Chancery had upon the table of the House the poll books, voters' lists and all documents in his possession in connection with the election in Brockville and West Huron. On motion of Mr. Horden (Hull) they were referred to the committee on private bills and election law for investigation and report.

The Voters' Lists. Mr. Bell (Pictou) said that the voters' lists would be printed this year, and that an appropriation of \$50,000 would be made for the purpose. He said that the voters' lists would be printed this year, and that an appropriation of \$50,000 would be made for the purpose.

ORANGEMEN AT CHURCH.

Rev. Newton Hill Holds Forth Eloquently to the Belleville Brethren.

On Sunday morning a large number of the members of the Orange order, "Prentice Boys and True Blues" assembled at the Orange Hall, Front st., for the purpose of attending divine service at the Tabernacle church.

The gathering was representative in its character and would no doubt have been much larger had the weather in the early portion of the day been favorable.

The preacher for the occasion was the Rev. N. Hill, pastor of the church, who delivered an appropriate and earnest sermon.

In prefacing his discourse he referred to the pleasure it gave him to have the privilege of welcoming them to the church. He chose as the basis of his remarks the following text: Galatians, 1st chap, 8th verse:

But though we or an angel from Heaven should preach unto you that ye have received, let him be accursed.

Were the preachers of the gospel angel instead of men there would be a peculiar idea as to the manner in which they might present the word of God. The gospel deals with man through man. It has been allowed a free moral agency, free to act, free to choose between good and evil.

The preacher and the hearer are placed on a level with each other. An angel might appear to be the proper person to preach the gospel, his oratorical powers might be greater, but then it would be by angel and not man. His relationship would be much different from that of the hearer.

A question might arise how could an angel preach a false doctrine? Even an angel does not know all; he cannot see from the beginning to the end. Man is selected to preach the word of God. The word of God is of infinite value as revealed to us in its true light; it is God revealed truth. It reveals to us the glorious perfection of God's law. God has given us this word that we might be wise unto salvation. In the Bible is revealed to us sanctification, justification and life. Therefore it is not only an important but a true book. The Bible is an inspired book, not the production of man's mind, but of God's. We can have internal evidence of its divinity. The writers of this book were men who were persecuted, martyred and died for it. The Bible gives us instruction which we can derive from no other source. The Bible is divine; it is the word of God, and whatever clings with this divine truth is false. The Bible gives us a true picture of church teaching or any organization that is antagonistic to the word of God. Though they may appear to be sincere we cannot excuse them.

In speaking of the Orange Order, he said the Society was founded upon the Bible. Their principles were of the highest order. They were not allowed to join, neither were they a political organization. Their motto was loyalty to God's revealed truth and fidelity to the British crown. Like many other organizations, all sectarian, members of the Order belong to all denominations of the Christian Church. Men of various religious denominations have died in the Order. A church cannot be judged by some of its individual members, neither can the order be judged by an individual member who may perhaps do wrong. Some object to sermons of this kind and some object to demonstrations on the anniversary of the battle of the Boyne and the closing of the gates of Derry. There was no force in this argument. The Order should commemorate the noble deeds of their forefathers. What is it right to hold these celebrations, they should not be held in spirit of animosity. In concluding his discourse he implored all to be faithful and consistent members of the Order of God. They should be loyal to their Order and above all be loyal to Christ.

Summer Overcoats.

No doubt you notice how changeable the weather is. Think of this when you are preparing for the cool weather, when away from home especially. The Oak Hall carries a complete assortment of high weight overcoats at all seasons of the year. Prices \$5 to \$10.

A LESSON IN NATURAL SCIENCE.

The Story of a Barrel, a Bung-hole and a Boy.

A boy's curiosity on Saturday afternoon resulted in an accident which, although inflicting upon him painful injuries, might have resulted fatally. Shortly after three o'clock Albert Taylor, a lad about 13 years of age, engaged as a messenger boy for the Great Northwestern Telegraph Company, was in the yard in rear of Mr. H. Corby's premises on Bridge st., which adjoins that of the telegraph company. Under a shed were a number of empty barrels which had formerly contained spirits. Albert peered into the bung-hole of one of the barrels, of course, could see nothing. Then he thought if he struck a match and dropped it into the bung-hole he might see something. He struck a match and the word he struck a lucifer on the leg of his trousers and dropped it into the bung-hole. Something did happen, and while the bottle was growing Albert's face and hands, and his hair and eyebrows are coming in to be will have abundant time to think of now. There was an explosion which he heard for blocks away. Before the boy could get out of the way flames shot out of the hole, burning him severely about the face and hands. The hot liquid in the eye-bowl did not appear to have been injured. As soon as possible medical aid was secured and the boy removed to his home, where he is doing as well as can be expected. The blazing barrel caused some to believe that a fire was in progress, and an alarm was sent in, but the services of the brigade were not required.

The force of the concussion was such as to blow one end of the barrel out and break the other, which was manufactured out of seasoned oak, nearly an inch in thickness.

General Elections, Then Quebec is to Get a Million.

Provinces Will Be Bribed With Big Subsidies for Railways and Other Works.

A Montreal despatch says: Here is the whole programme of supplementary estimates given out in La Patrie, and no doubt Hon. Mr. Tarte has had a hand both in the estimates and in the article before he left for the other side.

THE PROGRAMME.

A ladder and elevator at Port Colborne, elevators over which the Government shall exercise absolute control.

The most modern appliances for the canal.

Improvements to the port of Montreal.

The completion of the projected improvements between Quebec and Montreal.

"These, in our opinion," La Patrie says, "suppose themselves upon the immediate attention of the Government and if our information is correct, the supplementary estimates will contain the necessary sums for the accomplishment of some of these independent projects."

The city of Quebec, which has never failed in its loyalty to the Liberal party, will also obtain its part of the Government favors, and one million will be voted in aid of the bridge over the St. Lawrence.

Subsidies will also be voted to certain railway companies, but on this point no indiscretions for the moment.

THE MISSING LINK.

Here La Patrie concludes its article, but your correspondent is able to supply the missing link. It is understood that our- it will get a subsidy for the Rainy River, Quebec a subsidy for a railway along the south shore from Sorel to Pt. Levis, and also from Paspébiac to Gaspe, while New Brunswick will be given a good round sum and Nova Scotia will most likely see its coast line extended from Halifax to Yarmouth.

A friend of Sir Wilfrid Laurier was asked today if this did not mean a general election and he replied: "Yes, next year."

All of these enterprises are in full swing.

SENATOR SANDFORD DROWNED.

Upset From a Boat in Muskoka and Lost His Life.

(By Associated Press today.)

WINDERMERE, MUSKOKA, July 10.—Senator Sandford, of Hamilton, was drowned this morning by being upset from a boat while fishing in company with a young lady visitor near his own island. Two young girls near by heard their cries for help and arrived in time to save the young lady, but when the Senator's body was got ashore and help called it was found that life had departed.

Working Night and Day.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills, that changes weakness into strength, listlessness into energy, brain-fog into mental power. They're wonderful in building up the health. Only 25c per box. Sold by J. S. McKeown.

AFTER MANY DAYS

The License Commissioners Have Succeeded in Making up Their Minds.

The License Commissioners for West Hastings met on Saturday afternoon and granted the licenses for the remainder of the year, which have been left in abeyance. As a result of their deliberations two places have been cut off, namely, the Queen's and the Canadian Hotel. Mrs. Feebery, who keeps the Ferry House, has been granted an extension for six months. In the case of the Hub the commissioners recommended that a license be granted on condition that the present lessee of the premises was satisfactory to the License Inspector. Licenses for the full year were granted to Messrs. J. O'Neil, M. Wimer, H. H. McGuire, A. Mott and J. V. Jenkins for the Balmoral.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at J. S. McKeown's Drug Store as their giving away to 12,000 customers of so many free trial bottles. Their trade is simply enormous in this valuable remedy, from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases are quickly cured. You can test it before buying by getting a trial bottle free, large size 50c and \$1.00. Every bottle guaranteed.

ACHE

In the back of the head, where the
brain is, there is a great blood vessel, the
artery, which carries the blood to the
brain. When this artery becomes weak, the
blood does not flow properly, and the
head aches. This is the cause of the
ache in the back of the head. It is the
only ache that is caused by a weak
artery. It is the only ache that is

SNAP SHOTS AT TIMELY TOPICS.

—That Tompkins County physician who charged \$10,000 for 10 visits is setting a dreadful pace for country doctors.

—If the down town Grit sheet doesn't soon let up some people (not many) think that "Mat" Thompson will soon be left without a "Soul."

—Earl Banks, fourteen years old, of Dallas, Tex., pinched a mule's tail and the animal kicked him to death. The trouble with mules is that they have no sense of humor.

—The Scranton creditors of a man have asked the courts for permission to sell his family burial lot, which is his only asset. They have not yet stated what they intend to do with the bodies in the lot.

—There is trouble in the Irish courts. The Lord Chief Justice of Ireland has just reported The McDermott, Q.C., who is Attorney-General, for appearing in court in "unprofessional conduct." The Lord Chief Justice said that the attorney was a white waistcoat under his gown on a hot day.

—Last year the North German Lloyd lost \$4,141,305 as compared with \$3,779,730 in 1897 and \$2,484,250 in 1896. The amount distributed in dividends was \$1,050,000, while in 1897 it was \$500,000 and in 1896 \$400,000. The greater part of the increase came from the Atlantic trade.

—Has Sir Wilfrid Laurier dismissed W. T. R. Preston, the machine huffer, yet? He is an official of the Dominion Government who went red-handed from his West Elgin work into the service of the Dominion Government. If he is retained in the employment of the Government at Ottawa, then the Government at Ottawa becomes a partaker in his guilt and shame.

—The Brantford Examiner has undertaken to discuss the corruption laid bare in Elgin in a most original manner. It prints a lengthy paragraph detailing past Tory corruption—of which we had our share—and adds a line or two to say that it has printed these facts lest some people might, in discussing West Elgin, fall into the error of thinking themselves saints. This is certainly quite equal to the Irishman's method of answering a question by asking one himself.—Events.

—People who have a fondness for bananas have little idea of the curious creatures that nest in them, and are transported thousands of miles away from home never to return. "All sorts of curious creatures," says Dr. Morris Gibbs in The Humane Alliance, "are found in bunches of bananas, and I know of over twenty species of insects, reptiles, and mammals that have gained free transportation to our land by stowing themselves away in bunches of this delicious and popular fruit."

—If there is one word which modern woman-kind should register before she sets out upon her summer travels it is to abstain religiously from the grass that is such an unpleasantly conspicuous feature of feminine life at hotels and cottages at this time of year. Yet it would seem as though there be no respite from the evil. There will always exist a coterie of feminine anarchists who resent any attention accorded to their more attractive sisters. Luckily there are some women whose care for their children occupies them, and whose husbands are the victims of their own carelessness. They may find time to make hot and hydra-headed fads on hotel porches from now until the autumn.

—A writer in Boston Idea agrees with the opinion so often expressed on the prohibition question. He is of the opinion that it is the individual drunkard who should be got at, and not the system, which is a natural right. He says: "Is it not probable that legislation is not directed enough against liquor drinking and that the laws we have against inebriety and drunkenness are not properly enforced? The drinker has come to think that he has no responsibility in the matter that is, the duty of the state to protect him from his appetites. But can government undertake to do this to remove temptation from the world. The temptation to drink liquor is only one of the many temptations that assail man. If the person kills, robs, forges or commits other crimes we punish him, but we do not think it necessary or expedient to abolish everything that might be in the nature of a temptation to some. Because some men open a saloon and displays intoxicating drinks in his place and by his efforts it is possible that some men will be tempted to drink he cannot resist the temptation to drink he is not a free moral nor a free civil agent and the state is warranted in placing special restriction upon such a one. If laws against drunkenness were more generally enforced there would be less of it. People can do lots of things when they are obliged to do so."

Volcanic Eruptions
Are grand, but skin eruptions rob life of its beauty. The eruptions of the skin are also called Ringworm, Scabies, Urticaria, Eczema, Erythema, etc. They are caused by the action of the skin on the blood. They are cured by the use of the "Eruption Cure" which is a natural remedy. It is a cure for all skin eruptions. It is a cure for all skin eruptions. It is a cure for all skin eruptions.

Growing in Popularity.
The band concert at Victoria Park last evening was one of the most enjoyable of the series. An excellent programme was rendered and the attendance numbered upwards of 2000 people. The evening was all that could be desired for such an occasion. These weekly concerts appear to be growing in popularity.

Colored Glasses

Should not be worn without intelligent advice.

Whenever an eye finds relief in a shaded or colored glass something is going wrong with the interior of that eye that needs attention. If it were not so, the light would not irritate. Send advice--the kind that we can give you--the kind that only can be given after a thorough and intelligent examination.

Glasses if you need them; none if you don't.

THE MARMORA SENSATION.

Further Particulars of the Supposed Poisoning Case.

Some Evidence Which Would Make It Appear That Sunday-Schools are Scarce in the Northern Country.

Marmora Herald--Thursday, 6th inst., May, the 16 year old daughter of Mr. Jas. McCoy, while hoeing in the garden with her step-mother, was taken suddenly ill. Her father was sent for and a few minutes after his arrival the girl died. Dr. Jones was immediately called, who after an examination called the coroner, Dr. Sutton, and Dr. Sargent of Spring Brook went out to McCoy's on Friday but thought it not necessary to hold an inquest. The funeral took place Saturday morning to the Marmora cemetery.

A great deal of talk naturally follows such events, all based upon hearsay. So many rumors reached the ear of the coroner that he decided to have the body taken up, examined, and an inquest held. Accordingly on Wednesday, 12th inst., the body was exhumed and examined by Drs. Sutton and Jones, and the stomach sent to the Government analyst at Toronto. A jury was sworn in, composed of: E. C. Carr (foreman), C. Cairmont, T. Jackson, Ben Demars, Emory Demars, J. Holland, J. W. Naylor, H. Jones, R. E. Campbell, W. Knox, W. Phillips, J. Downard, and McWilliams. After examination of the body the inquest was continued in the town hall, where witnesses were called for the purpose of finding out the cause of death. Mr. James McCoy, father of the girl, was the first witness and testified as follows:

I am the father of the deceased. I saw her on the morning of the 6th inst. She harnessed my horse for me before seven. She was not complaining that morning of illness and was in good spirits. I saw her again before eleven. She was then face-downward in the cucumber garden. Her elbows were bent, arms up and hands not on the ground. She asked me to lift her head. Mr. White, who was on the path twenty-five feet away, my three-year-old grandson being with her. I saw her again before eleven. She was then face-downward in the cucumber garden. Her elbows were bent, arms up and hands not on the ground. She asked me to lift her head. Mr. White, who was on the path twenty-five feet away, my three-year-old grandson being with her. I saw her again before eleven. She was then face-downward in the cucumber garden. Her elbows were bent, arms up and hands not on the ground. She asked me to lift her head. WHAT PEOPLE ARE SAYING

That the X.V. Battalion passed a very creditable examination.

That anonymous letters in a newspaper don't cut much figure, especially when they bear the earmarks of a paid pencil pusher.

That a sprinkling cart on some of the side streets would make many people grateful.

That the summer is going quickly.

That the day after an annual picnic and moonlight excursion a good many people are "glad it's over."

Experiments In Clothing.

In buying your clothing from the Oak Hall you don't have to experiment. You know from years of experience the high class clothing we sell. Our ability to buy is unquestioned, we buy largely, get the best prices and our large turnover enables us to sell at very close profits. If you would like to save some of your dollars for future use, buy Oak Hall clothing. We don't, of course, expect to get everybody's patronage, but we try to deserve it.

DON'T WANT THE TRIAL.

If the Action Against Ponton is to Continue till the Judgment Day the Crown Should Bear the Expense.

A Colborne paper enters a vigorous protest against the Ponton trial being held at that place. It says: Now that Parr, Holden and Rosch, said to be the principals in the Napane bank robbery, have been arrested, and lodged in the jail, the trial of W. H. Ponton is again attracting the attention of the public. By the decision of the judges at Toronto, Colborne was the place set down for the next hearing of the case. Of course, that matter was easily settled, but as the county in which the trial is held is to bear the expense, the place chosen should have been consulted. These counties were not consulted, and as we already have to contribute a large amount for the administration of justice within the counties, all are sufficient. If the Crown is to continue against Ponton until judgment day we think it nothing but proper that the Government should bear all the expense. If the Counties of Northumberland and Durham are expected to expend money to carry on the case to prosecute Ponton or any of his alleged confederates, every trial should be put forth to again have the venue changed. We do not want the trial held in Colborne.

Holloway St. Church Sunday School Picnic.

A very successful Sunday School picnic and excursion was held yesterday by the Holloway St. S.S. to Mohawk Grove and Deseronto by the Str. Morris.

The weather was charming. About 500 scholars and friends went down on the first boat. The moonlight excursion was not as well attended, owing to the report that the boat was going in for repairs. Everything at the grove was well arranged, and a most enjoyable day was spent. Races and games were indulged in by both boys and girls, young and old. A large number visited the works in Deseronto. The Mohawk Church was open to the visitors.

WORDS OF PRAISE.

The inspecting Officer Said Nice Things of the X.V.

The inspection of the X.V. Battalion last night by Col. Montzambert, D. O. C., was one of the best in the history of the organization. Shortly after 7 o'clock they marched from the armory to the hospital lot, where the inspecting officers were received with military honors. The marching and the appearance of the men was most favorably commented upon, their various manoeuvres being at times loudly applauded by the spectators who gathered in large numbers. After the inspection the Battalion returned to the drill shed and were dismissed.

Col. Montzambert was well satisfied with the work done by all ranks. He expressed the opinion that so far as he knew it was the best inspection the Battalion had ever passed through. The men were steady, alert and quick.

After the inspection the inspecting officers and the officers of the Battalion and a few invited friends were most hospitably entertained at the residence of Col. Ponton, Trent road. The ground and residence had been properly decorated with flags and evergreens for the occasion. A most pleasant evening was spent in songs, speeches, etc.

BOARD OF EDUCATION.

Estimates for the Year Were Brought Down.

Teachers Appointed and Their Salaries.

Fixed—The Finance Committee's Report Adopted.

The meeting of the Board of Education last night was an important one, as the estimates for the year were presented, and the teachers appointed for the year and the salaries for same fixed. There was a lengthy and somewhat heated discussion in reference to the salary to be paid Mr. L. W. Maclean of the High School. The Committee recommended \$750, which was finally raised to \$800. No change was made in the Finance Committee's report relating to the estimates.

When the Board was called to order the following members were in attendance: J. C. Barker, Chairman; Messrs. H. Walker, W. P. Hudson, G. A. Bennett, W. L. Diamond, H. P. Craig, J. F. Mills, J. H. Mills, W. C. Reid, J. F. W. Maclean and F. E. O'Flynn.

After reading and confirming the minutes of the last meeting the following communications were read:

From Mr. Wm. McKee, superintendent of schools, detailing the days he had taught, and for whom he had taught.

From the Board of Examiners, re entrance examinations, stating that the expenses were \$223 and the Board's share was \$121.30 and the County's share would be \$101.70.

An account was also presented from F. C. Clarke for \$22.00 for chemicals supplied the High School.

These were on motion laid upon the table.

Wm. McKee, Superintendent.....150

Mr. H. Walker, Chairman of the Finance Committee, in presenting the estimates, said he was prepared to submit to the Board the estimates for the year. He regretted to state that the sources of revenue for the year were less than formerly, namely \$147 less from the Government and \$231 from the County. This was owing to new laws which had been recently passed. It would be necessary on this account to carry on the finances of the Board as economically as possible. The Committee, while dealing with this matter, did not wish to interfere with the efficiency of the teaching staff. Notwithstanding less revenue received the estimates were a little below those of last year, namely, this year the total amount asked was \$15,985.30, whereas last year it was \$16,835. The decrease was owing to less repairs being made to schools, but there was a teacher added to the staff. Under these circumstances the Board had been done and he hoped the estimates would be passed.

The estimates as prepared by the Committee were as follows:

PUBLIC SCHOOL.

To amount required for paying Teachers, inspectors and other salaries for Public Schools.....\$11,125.00

For repairs, printing, stationery supplies, fuel and keeping in order school premises.....2,930.00

Less Government grant and other revenue.....\$13,955.00

Amount to be levied by City Council for P. S. S. \$2,011.37

HIGH SCHOOL.

Amount required to pay teachers and other salaries.....\$4,475.00

For repairs, printing, stationery supplies, fuel and keeping in order the premises.....990.00

Less Government grant and other revenue.....\$5,474.00

Amount to be levied by City Council for High School purposes.....\$1,041.00

Total amount to be levied for school purposes.....\$15,985.30

GORMAN'S SHOE HOUSE.

ONE PRICE. CASH SYSTEM.

We name them thus

Because we believe they are
King of all shoes. We don't
believe there is a woman's
shoe sold for \$3 in this whole
world which is as good as
our King Quality. That is a
broad statement, but try the
shoe and you will agree that
we have reason for boasting.

EVERY ONE LIKES MEAT

to be fresh; Vegetables to be fresh; Bread to be fresh. Then why put up with
stale tobacco?
By their Patent Cold Vacuum Process (patented throughout the world) OGDEN'S
TOBACCOS are kept absolutely away from the air from the moment they are packed
in the factory until the tin is opened. Thus the original fragrance and flavor of the
tobacco are preserved, and the smoker gets a fresh tobacco. If you once try it, you
will not go back to the ordinary tobacco, from which all the beautiful aroma has been
evaporated into the air.

In vacuum tins containing 2 oz. and 1 lb. of all first class tobaccoists.

SNAP SHOTS AT TIMELY TOPICS.

—The threats of the Governor of Texas
relative to punishing lynchings do not dis-
courage the mob. Two negroes were
lynched in Texas on Friday.

—As that New Jersey bank cashier
maintained expensive kennels, the money
he stole may be literally said to have gone
to the dogs.

—Chicago school teachers have formed
what looks suspiciously like a labor union.
A school ma'am's strike would present in-
teresting features.

Why don't the Grits shoot this City
howl now that a new appointment has been
made in the Customs House at an increased
salary. "Consistency thou art a jewel."

Senior Grit Shoot.

It is a pretty safe bet that some gentle-
men down by the market get loaded up
often than INTELLIGENCER people do.

—Canada has had reason to late to mourn
many of her brightest sons deceased. Hon.

ator Sanford, of Hamilton; Hon. W. B.
Lives, of Sherbrooke; and to-day, Hon.
Mr. Geoffrey is numbered among the
shining marks who have been struck by
the arrow of death. Politicians of all
classes will feel sincere regret at the pass-
ing of Canada's brilliant sons.

Do Not Forget It.

It is a fact that Nervine cannot be surpassed
by any combination for the relief of pain.
The reason is a simple one. It is a com-
bination of the best, most powerful, and the latest
discovered remedies. It is a magic pain cure.
Rheumatism, stiff joints, neuralgia, sciatica,
colic, in fact all pain, internal, external, and
local, are subdued in a few minutes. Do not
at once to any drug store and get a trial bottle.
It will only cost you 10 cents, and you can
get a small test bottle for 5 cents. Pol-
son's Nervine. Large bottles only 25 cts.

Shamrock and Britannia.
Cowan, July 15.—According to a tele-
gram received in this city from San Francisco,
Peter Jackson has been defeated by Tom "Tom"
Sharkey for his battle with James J. Jeffries for
the heavyweight championship of the world,
scheduled to take place in October. The ac-
tion of the sailor pugilist in employing Jackson
to coach him says that Sharkey means to leave
no stone unturned in order to be in the
best possible condition when he faces
the new champion. Sharkey shows
good judgment in securing the services of Jack-
son, who is one of the cleverest men that ever
put on a glove. There is not a trick in the game
with which the former prize fighter is not
familiar, and he would certainly make a healthy
improvement in the able seaman's style of spar-
ing. In engaging Jackson, Sharkey probably
took his cue from Jeffries, who employed
"Tommy" Ryan with profit while training for
his fight with Fitzsimmons.

Manchester, July 17.—The fourth cricket
match between England and Australia was be-
gun here to-day in the presence of 25,000 spec-
tators, and with brilliant weather. The in-
terest in this match is intense, as should the
Australian win, it will decide the cham-
pionship in their favor. England won the toss
and elected to bat. When the game was sus-
pended at lunch time, England had scored 122 runs for
five wickets down.

The England eleven were all out for 327
runs. When the play closed for the day the
Australians had scored one run for one wicket
down.

Ben Goodson, of the Sydney Bicycle Club,
who holds the championship as fastest rider in
Australia, passed through Toronto yesterday on
his way to Montreal, where he will represent
the Antipodes at the world's bicycle meet. Mr.
Goodson represented Australia in 1897 at the
meet in Glasgow.

FASHION NOTES.
Summer Gowns and the Proper Ac-
cessories.

The princess gown continues in high
favor. The upper part is usually so cut
as to simulate a low necked bodice worn
with a guipure of velvet de clinge, net or
mousseline de soie.

Little caps of beige or gray cloth are
some of the popular summer outfit.
Done in the cool of the day the moun-
tains or seashore. An air of novelty is
given to these caps by the addition of a
scarf of mousseline de soie of the same
color as the cloth. This scarf is ar-
ranged over the shoulders to form a ca-
puchon.

Large hats are soon to be worn again.
They will be much trimmed, in a way
resembling the Louis Quinze period, with
large bows and clusters of plumes.

Ants and Their Effects—India.
Small, soft and feeble as the white ants
are, yet by their numbers and powers of
destruction they have influenced to some
extent both the architecture and also the
civilization of the country. To their rav-
ages, which prevent much the use of im-
ber, is in a great measure due the mas-
sive solidity of the grander Indian edifi-
ces, and by their devouring of papers and
documents they have restricted the cul-
tivation of literature. They have ren-
dered the preservation of books difficult.
They have continuously destroyed the
records that would have thrown light on
the history of the past—"Haunts and
Hobbes of an Indian Ant."—

The Gasoliers.
An Atchison man says that the worst
gasolier done anywhere under any cir-
cumstances is that told at night when
two or three people are sitting up with a
corpse. They want to keep awake and
can't keep awake by reflecting on the
shortness of life and the solemnity of
death, which is their plain duty, so they
gossip and tell such stories it is a wonder
the corpse doesn't scream.—Atchison
Globe.

At the Concert.
"Did you enjoy the opera last night?"
"No, I didn't hear it."
"Why not?"
"Two women sitting in front of me
kept explaining to each other how they
loved the music."—Collier's Weekly.

Eminent Name.
Is anybody reading "Tillie" now?
And, like the rest of the world, is it
that book of Mrs. Humphry Ward?
"Robert Elsmere," wasn't it?—Boston
Globe.

In ancient Greece a law provided that
if a man divorced his wife he could not
subsequently marry a woman younger
than his divorced partner.

The only animal that is really dumb is
the civet, which is unable to express its
—if by any sound whatever.

POULTRY POINTERS.
Fowls for breeders should not be too
far too long.

The last egg of a hen's laying rarely
hatch so well as those laid earlier.

During warm weather hens in the poultry
quarters grow thinner and less fat.
It is only when inactive and under arti-
ficial conditions that Asiatic fowls get
too fat.

Romp may generally be traced to want
of cleanliness, undue exposure or improp-
er ventilation.

During the summer add a tablespoon-
ful of copperas to the drinking water of a
dozen fowls.

Generally with increasing age the egg
shells grow thinner, and some birds de-
velop them with no shells.

The pullet shows only the sign of
age. Her legs are smooth, comb the
and free from roughness, the bill pliable
and claws short and taper.

PRINCESS GOWN.
Strings of silk tulle, to be tied in a large,
soft knot under the chin, will be a fre-
quently seen feature.

Hats and gowns on suit, little seen of
late years, are beginning to reappear.
There always a certain quality of re-
finement about a costume matching
thoroughly, and the return of the style
to gentleness for favor is a sign of the times.

The princess gown illustrated is of
pale blue cloth. The front is slightly
draped across the bust and closes at the
left side with groups of buttons and
cords. The edge of the front, the front
of the sleeves is stitched, and there are
stitched plaits across the top of the
sleeves. The collar collar is also stitched.
The hat of black straw is trimmed with
black plumes and yellow roses.

takes less time to marry some of them—

THE BABY IN TOWN.

King Baby back to town again.
The baby did the rounds to the town.
Little more now live in Chancery lane
And the lullaby note is down.

The mother of the row, the row of rows
He learned by heart while yet he played
All summer underneath the rose
Or in a bayonet's place made.

The quacking duck, the crowing cock,
The busy farmyard a cheerful brood,
The shrill hen doing his flock to flock,
He acts them all to his marvelled.

It brings the country to the town,
The upland pastures wide and cool,
The meadow meadows waving green
The mountains gray and beautiful.

Just soon, oh, soon, his thoughts will
Shrink London cries his voice will keep.
From "milk" and "buns" his fancy ranges,
To "milk" and "buns" his fancy ranges,
"weep!"

But still in spite of sunless days
King Baby keeps his dainty streets
Red roses in the garden ways
And summer in her green retreats.

THE PRINCE AND THE SINGER.

A Story of Jenny Lind and Freder-
ick William of Prussia.

On a summer night the prince was re-
turning with a few companions from a
raucous night at Rolandseck. Some one sug-
gested a supper at the local inn for "all
right," said the prince, "so long as you
drop his royal highness and remember
that the Fritz is a German student."

He dashed into the adjoining room
where he held the young man in a thrall,
Miss Lind, and said to her, "I am the
singer's name. Once more the liquid
notes thrilled out into the night. The
student's eyes were fixed on his art. "It
is Jenny Lind," he cried; "it can only
be Jenny Lind."

WRONG ABOUT YOUR EYES.

You're been wrong in thinking you ought to put off wearing glasses as long as possible. This very thing is responsible for much of the present day eye trouble. All eyes begin to fail at 40 years of age. When complicated with uncorrected defects which have existed the failure begins much sooner. A correction at the right time will save your eyes. Neglect is bound to injure them.

HUMPHREY GETS THREE.

The Aged Horse Thief Goes Back to Kingston.

Has Spent Forty-Three Years of His Life Behind Prison Bars—Probable End of a Wasted Life.

A representative of this paper had a few minutes' conversation with old Humphrey Guest, the octogenarian whose propensity for breaking the eighth Commandment has so many times brought him within the pale of the law. Considering his age and general air of well-preservedness would not only speak volumes for his constitution, but also go to show that life within the stone walls of Canada's jails and penitentiaries is not so severe a thing as some people would imagine.

When asked if he cared to have anything to say the old gentleman didn't trouble himself to be civil, but grunted that he wasn't feeling well and didn't feel like talking.

"Would you mind stating how many years you have served in prison?" said our reporter.

"Forty-three," returned the old man.

Another question was asked him, but with a growl he turned on his heel and told the reporter to go to a place where the climate is supposed to be always warm.

This morning he was brought before Judge S. Laxier, who is acting as Deputy Judge, and when asked if he had anything to say he replied in the negative. He was then sentenced to the penitentiary for three years on two charges of stealing a horse, buggy and harness from Mr. S. Laxier. When sentence had been pronounced he thanked the judge and was led away to the cells below. He will be taken to the penitentiary in the course of a day or two.

In conversation with Mr. L. A. Appleby, Jailer, a representative of this journal was informed that this was the fourth time Guest had been convicted and sent to the penitentiary since he (Mr. Appleby) had been in his position, each time for horse stealing. In the year 1882 he was sent down for three years, in 1886 for three years and in 1892 for three years, and the present term of three years. In addition to these offences there is still known to the police an additional charge against him which has never been prosecuted. This was also a case of horse stealing, which occurred a few years ago in the township of Tyendinaga. He was arrested shortly after the commission of the offence at Lindsay, from which place he was sent down for two years.

Lost His Left Eye.

Mr. Wm. Ellis, a well-known resident of this city, yesterday afternoon had an operation performed at the hospital which relieved him of his left eye. For upwards of 40 years Mr. Ellis has been unable to see out of it, and recently it has given him out much more. It was decided to extract the trouble in order to relieve the sufferer. The operation was most successfully done by the physicians upon the hospital staff.

Do Not Forget It.

It is a fact that Nerviline cannot be surpassed by any combination for the relief of pain. The reason is a good one. Nerviline contains the best, most powerful, and the latest discovered remedies. It is a magic pain cure. Rheumatism, stiff neck, cramps, neuralgia, colic, in fact all pain, internal, external, and local, are subdued in a few minutes. Go at once to any drug store and get a trial bottle. It will only cost you 10 cents, and you can at a small cost test the great pain cure. Nerviline. Large bottles only 25c.

Madoc Cheese Board.

Another great discovery has been made, and that too by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest attacks, but her vital organs were undermined and death seemed imminent. For three months she had been suffering from consumption, and was so much relieved on taking first of Dr. King's New Discovery for Consumption, and with two bottles has been absolutely cured." Her name is Mrs. Luther Lath. This is a true story. Dr. King's New Discovery, N. C. Trial bottles free, at J. S. McKeown's Drug Store. Regular size 50c, and \$1.00. Every bottle guaranteed.

Fond of Matrimony.

Niagara, Ont. July 20.—A wedding in every way unique has just been celebrated here, the parties united being Martin Lyons, aged 90, and Mrs. Mary McGinlay, aged 80. Mr. Lyons is Mrs. McGinlay's sixth husband. He is an old soldier, having been formerly connected with the Royal Canadian Regiment. He was discharged in 1851, and draws a pension. He had been married once before. All of his wife's previous husbands were also soldiers.

MINING MATTERS.

Large Shipments of Ore from Madoc—Another Plant Being Erected—Ore Wanted in Glasgow.

(Madoc Review.)

Ore shipments continue from the Hematite Iron Mine, Madoc, operated by Messrs. Sher and Wallbridge, at the rate of about 50 tons a day. A new and powerful steam hoist was added to the plant of this mine last week, which will greatly facilitate work now that the shaft is steadily going down.

Mr. Gan, Wallbridge is having the old hematite shaft, on the west side of the road, pumped out and expects to find a permanent vein of ore under the shaft. It is an immense body of water in the shaft, and although pumping has been going on for three weeks less than half the water is yet out.

Messrs. H. E. Sher and Gan, Wallbridge are opening another iron property on lot 1, concession 11, of Marmora, and made their first shipment on Tuesday. There is a peculiarly interesting day in the House, almost the whole of the morning, afternoon and evening sessions being taken up by a continuation of the debate on Mr. McNeill's preferential trade resolution, on which the House divided at 10 o'clock, the motion being carried by a vote of 41 for to 77 against. The division was on party lines, with the exception that Messrs. McCarthy, Stables and Rogers voted against the Government.

The House then went into committee of supply and will probably sit late.

Plenty of Hot Weather.

This nice bit of cool weather we have been having for a few days has been very pleasant, but it won't last. You cannot expect to get through July and August without lots of good boiling weather. Did you know the G. K. Hall are having a clearing sale of light coats and vests? See the nice coats at 75c.

ANOTHER GOLDFIELDS' MILL.

The Marmora Herald says that "Mr. R. B. Frost is a peculiarly interesting day in the House, almost the whole of the morning, afternoon and evening sessions being taken up by a continuation of the debate on Mr. McNeill's preferential trade resolution, on which the House divided at 10 o'clock, the motion being carried by a vote of 41 for to 77 against. The division was on party lines, with the exception that Messrs. McCarthy, Stables and Rogers voted against the Government."

KNOCKED OUT BY SENATORS

The Redistribution Bill Was Given the Coup de Grace.

Sir Mackenzie Bowell stood under the B.N.A. Act, and the Vote for Constitutional Amendment stood 36 for to 14 against. Mr. McNeill's preferential trade resolution was voted down in the Commons by a Majority of 36.

Ottawa, July 21.—After three days of calm, dispassionate and very instructive debate the Senate yesterday afternoon gave the coup de grace to the redistribution bill by adopting by a vote of 36 to 14 Sir Mackenzie Bowell's amendment to the motion for a second reading, in which it is declared that it is not advisable to pass the bill at present, because the British North America Act only provides for a redistribution after each decennial census.

IN THE COMMONS.

Mr. McNeill's Preferential Trade Motion Voted Down.

Ottawa, July 21.—Yesterday was not a particularly interesting day in the House, almost the whole of the morning, afternoon and evening sessions being taken up by a continuation of the debate on Mr. McNeill's preferential trade resolution, on which the House divided at 10 o'clock, the motion being carried by a vote of 41 for to 77 against. The division was on party lines, with the exception that Messrs. McCarthy, Stables and Rogers voted against the Government.

The House then went into committee of supply and will probably sit late.

BILLY PONTON IN WOODSTOCK

Ex-Teller of the Dominion Bank Confident of Success in His Suit.

Woodstock Express: A tall, good-looking chap dressed in a light grey suit with a blue head and clean shaven face, deposited his grip on the counter of Douglas' cigar store this morning and handed the proprietor a card bearing the words, "W. H. H. Billy Ponton, representing McEwen & Co., cigar manufacturers, Kingston." It was the name in the papers during the past year more prominently than falls to the lot of most men. As a knight of the grip the teller of the Dominion Bank at Nanapan is enjoying life. This is his first visit to Woodstock.

In conversation with an Express reporter Mr. Ponton said that the matter of his suit against the Dominion Bank for false arrest would come before the Division Court at Osgoode Hall in September, and that he was confident of success. Denouncing the re-arrest of Pato and Holden, he said that they were wrongfully arrested and that he was not a broken in spirit man. "For what with guards and keys and locks, they are completely wadded," he said.

He Fooled The Surgeons.

All doctors told Benek Hamilton, of West Jefferson, O. after suffering from months from Rectal Stricture, he would be cured by a certain operation, was performed; but he cured himself with five boxes of the famous Dr. Williams' Pink Pills for Pale People, and the best result in the world. 25 cents a box. Sold by J. S. McKeown, druggist.

TERRIBLE ACCIDENT.

An Old Lady Burned to Death at Campbellford.

On Friday, the 14th inst., a sad accident occurred at Campbellford which cast a gloom over the town. Mrs. Dobbs, an old lady who was visiting Mr. Ferguson on Hangerman street, was retiring, and while going upstairs the lamp which she carried exploded. She had Mrs. Ferguson's youngest child in her arms at the time but managed to save it and then ran for the street. When found she was lying on the door-step with every vestige of garments and also her hair burnt off. Five doctors were called, but their efforts were of no avail. She only lived about four hours, expiring about 1 o'clock Saturday morning.

Do You Mean It?

Do you really want to be rid of your rheumatism or are you only saying so from habit? The straight way to be rid of rheumatism is to take Dr. Hall's Rheumatic Cure. It is the only medicine that cures rheumatism. It is the only medicine that cures rheumatism. It is the only medicine that cures rheumatism.

Presbyterian Manse.

Madoc Review: The contracts for building the new Presbyterian manse in Madoc were let last week. Mr. Joshua Lang, Belleville, will do all the mason work, and the painting, plumbing, etc., will be awarded later. The new building will cost in the neighborhood of \$5,000, and will be ready for occupation this coming fall.

Ottawa, July 21.—The upper corridor of the House of Commons at 10 o'clock yesterday morning reminded old timers very much of the stormy days of the late Sir John A. Macdonald. In the committee on privileges and elections was holding its session, and the corridor was well filled with the 50 odd witnesses, who had been summoned to the committee. About one-half of them were on the committee, while the other half took possession of room 40 and amused themselves playing cards, smoking, and talking. There was a constant stream of members and strangers going in and out of the committee room and the corridor. The atmosphere was one of intense interest and excitement.

WRONG ABOUT YOUR EYES.

You've been wrong in thinking you ought to put off wearing glasses as long as possible. This very thing is responsible for much of the present day eye trouble. All eyes begin to fail at 40 years of age. When complained with the corrected defects which have existed the failure begins much sooner. A correction at the right time will save your eyes. Neglect is bound to injure them.

AN IMPORTANT JUDGMENT

Judge Lazier Decides that the Bay Bridge is Non-Assessable.

Cul. S. S. Lazier rendered judgment this morning in the case of the City of Belleville's action in taxing the Bay Bridge. Some time ago the Township of Amelburg placed an assessment of \$20,000, on behalf of Belleville, this year did the same. Dr. Sprague declined to pay the taxes and appealed against the assessment on Saturday before Judge Lazier. Messrs. E. Guss Porter and F. S. Wallbridge appeared for Dr. Sprague, and Mr. S. Mason for the City and argued the case. After argument by counsel the Judge took the case on deliberation, and this morning gave judgment in favor of Dr. Sprague.

A YOUNG RUFFIAN

Intimidates and Assaults Another Boy.

Between 10 and 11 o'clock on Saturday night Irwin Earle, a young son of Mr. John Earle, Holloway st., was driving up Front st. when another boy named Toddie Folley jumped into the rig and when told to get out by Earle grabbed the latter's hat and threw it into the street. While Irwin was getting his bear Mr. Folley threw a stone and struck Earle in the forehead, inflicting a wound which required three stitches to be placed in it. The young lad is suffering much in consequence of Folley's mean trick.

Police Notes

Miss Maud Mackie on Saturday evening reported that some one had stolen her bicycle. An officer investigated the affair and found that the wheel had been taken in a nick.

On Saturday afternoon an officer was called to Bridge st., on Taylor's hill. It being reported that John Cunningham was driving about in a furious manner. He could not be found.

A call was answered last night at 10 o'clock to disperse a gang of boys at the corner of Dundas and Pinnacle sts. who were making a disturbance.

A complaint has been made of boys going in bathing in the vicinity of the Island Park. As some of the parties are known they will probably be prosecuted.

Kingston, Clayton, N.Y., and 1,000 Islands.

Sons of England Excursion.

Oxford Lodge, Sons of England, have completed their arrangements for this popular annual excursion. The train will leave Belleville post office at 7:30 a.m. and arrive at Kingston at 9:25 a.m. After dinner the steamer Henry will carry the party to Clayton, N.Y., and through the 1,000 Islands. Returning will leave Kingston at 5:30 p.m. Tickets per G.T.R. are good to return on any train on Thursday, July 27. Wednesday, July 26, is the date of the excursion.

Burglars Rob Former Bellevillians.

Police Officer Motion this morning received a letter from his sister, Mrs. James Ives, of Ogdensburg, N.Y. (a former resident of this City), in which she stated that burglars visited their place last week. They carried away with them considerable silverware, glassware and other valuable articles. An entrance was effected during the family's absence by cutting an opening in a screen door.

A Frightful Blunder

Will often cause a horrible Ears, Scald, Out or Bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Ears, Old Sores, Fever Sores, Ulcers, Blisters, Pains, All Skin Eruptions. Best Price cure on earth. Only 25c a box. Cure guaranteed. Sold by J. S. McKeown, Druggist.

The Buoy in the Wrong Place

The accident which befel the "Hero" in Alexandria Bay in the beginning of last week caused considerable comment, especially when it was stated that Capt. Bloomfield was at the wheel. He has so long been known as one of the most careful of officers that the public has had unbounded confidence in his management of a steamer and therefore was not prepared to believe it was his fault. On investigation of the position of the gas buoy, it was shown that it was nearly a hundred and fifty yards out of its proper position. We congratulate Capt. Bloomfield on the result of the inquiry.

That Throbbing Headache

Would quickly leave you if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make the blood and nerves strong and healthy. They take the pain away. They take the cure. They take the cure. They take the cure. Sold by J. S. McKeown, Druggist.

Stole Dan's Axe.

Some time since Saturday an evil minded person took the lock on the band stand at the Kenzie Club, and when the caretaker had placed within it an enclosure for safe keeping. If the party is found he will be severely dealt with.

A Proposed Kennel Club.

The local dog fanciers are talking of the formation of a Kennel Club, and should this take a proper shape a bench show will doubt be held later. We have a splendid building here for such a show, namely, the skating rink. No dog is equal, if not better, than being shown for two years at Peterboro.

A RAD FIRE.

The Hub Hotel and Williamson's Grocery Store Scorching on Sunday Morning.

At a few minutes before 5 o'clock on Sunday morning smoke was seen issuing from the Hub Hotel, on Front st., and a policeman, who was near by, ran to the City Hall and turned in an alarm. The firemen were soon upon the scene, and although dense volumes of smoke were pouring out of the building in all directions, they succeeded in subduing the flames before they caused any great destruction. The loss, however, will be considerable, as an immense quantity of water had to be poured in. The fire apparently broke out in the cellar, just in rear of the bar, and getting up upon the first floor ran up the main staircase to the top floor. Had it not been for the heroic work done by the fire ladders the building would certainly have been destroyed. The contents were much damaged by smoke and water. The hotel is managed by Mr. W. J. Stumps, for his mother-in-law, Mrs. M. D. King, who when the license is granted. The loss she sustained is covered by an insurance of \$2,000 in the Manchester. The building, a three-story brick one, is the property of Mr. D. R. Stevens, who some two years ago was a large exporter in maple sugar. This is a fine class hotel, the bar being one of the finest in the city. He was unable to state what the loss would be, but it will be considerable. This is covered by an insurance of \$2,000 in the London and \$1,000 in the Guardian.

Light Coats Cheap.

The Oak Hall are having a special midsummer sale of light coats and vests. The weather has been very changeable this summer, but we will have plenty of hot weather yet. Suppose you spend a small amount in a nice cool coat.

ARE IN AN UGLY TEMPER

Pare and Holden Feel Their Recapture Keenly—Roach Still Protests His Innocence—Is There New Evidence.

Toronto, July 23.—Mr. E. H. Sils, high county constable of Lennox and Addington, who assisted in working up the evidence in the Ponton case, has seen the Walker house last evening. Mr. Sils says that Pare and Holden have been in a very ugly temper since their recapture. Holden broods a good deal and seems to take special delight in venting his spleen on the officers of the jail. Pare is more diplomatic. He has not yet, feeds his return to the house. "Jack" Roach, the latest inmate, still protests his innocence, and has engaged the services of a Napanee lawyer, U. M. Wilson, to fight his case. As to whether the Crown would have any additional evidence to present at the next trial, Mr. Sils said he was not at liberty to say.

KILLED ON THE TRACK.

An aged Indian Woman Run Over Near Hastings.

On Friday night an Indian woman, named Polly Beaver, was killed on the line of Midland near Hastings village. The woman was over seventy years of age, and was slightly defective in sight and hearing. Her skull was crushed and she was badly cut up about the body and limbs. It is supposed that a freight train also ran over her after she had been killed. A number of parcels of groceries that she was carrying were scattered about the ground.

An Extended Experience.

Writes a well known chemist, permits me to state that Putnam's Painless Corn Remedy never fails. It makes no sore spots in the flesh, and consequently is painless. Don't you forget to get Putnam's Corn Remedy, now for sale by medicine dealers everywhere.

A Mining Edition.

Our enterprising contemporary, the Montreal Herald, on Saturday last issued a special mining edition, which is in every respect a very creditable publication. Notices and descriptions of most of the large mining enterprises of the Dominion, from the coal mines of Nova Scotia to the gold mines of the Klondike, are to be found, as well as portraits and sketches of leading mining brokers and promoters. No one who is interested in any way in mining should be without a copy of the Herald's mining edition.

Robbed the Grave.

A startling incident, of which Mr. John O'Connell, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was all most red, very swollen, and I was in pain continually in back and side, no apparent relief. I was gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying Electric Bitters, and to my great joy and surprise, I continued their use for three weeks, and my life and health were saved. I now feel as well as ever. I should like to try them. Only 50c a bottle. Guaranteed. At J. S. McKeown's Drug Store.

Decoration Day at Pictou.

The Oldfellows of the town of Pictou yesterday decorated the graves of their deceased brethren. Some fifty members of the local lodges, including members of the Canton, participated in the ceremony, going to the town per steamer Annie Lake. There were over two hundred of the members of the lodges. After the ceremony appropriate addresses were delivered by Rev. W. J. Joliffe (Methodist), Rev. F. Loucks (Anglican) and Rev. McEldown (Presbyterian), all of Pictou.

Burglars at Bobcaygeon.

At an early hour on Friday morning burglars effected an entrance into the hardware store of Mr. A. E. Botton, Bobcaygeon, and stole a quantity of plated ware and other valuable goods. The owner of the store was also blown open, but owing to the timely arrival of a resident the manœuvre was desisted without taking anything from the store. The burglars were a brother of Capt. Botton, of this city.

THE LAST SAD RITES.

Bodies Recovered on Saturday Afternoon and Miss Sils' Funeral Took Place This Afternoon.

The bodies of the two unfortunate young ladies, Miss Sils, of Belleville, and Miss Phillips, of Newmarket, who were drowned near Bala on Tuesday last, were recovered at the foot of Moon Chute, Muskoka River, on Saturday afternoon and were conveyed to Bracebridge by special steamer during the night, arriving Sunday morning at 5 o'clock. The bodies were taken in charge by Undertaker Kinsey, of Bracebridge. Miss Sils' remains arrived here last night and were conveyed to Mr. J. G. Frost's undertaking establishment and prepared for burial. The body was considerably decomposed. This afternoon at 3 o'clock the funeral occurred from the family residence, Dunlop street, and despite the short notice was largely attended. The remains were taken to St. Thomas' church, where the burial services of the Anglican church were conducted by the Rev. Canon Barker, assisted by Rev. A. L. Geen and Rev. Mr. Geen, the curate. Upon the casket were a number of beautiful floral tributes. The interment took place at the cemetery.

Miss Phillips' remains were sent to her late home at Newmarket, and were interred to-day.

BURGLARS ON THE VERA

Broke Open the Cabin Door, but Evidently Got Nothing.

The parties who broke into the band stand at the Island Park also broke in the yacht Vera, owned by Mr. R. H. Fenwick, which is anchored in the harbor near the Park. The axe taken from the band stand was found on the yacht and had been used in breaking open the door leading to the cabin. Nothing appears to have been stolen, but the parties had apparently tramped over the cushions and allowed drippings from a candle to fall about the cabin and seats. The thief made an investigation and every effort will be made to capture the guilty party.

JOHN TAUGHER SAVED HIM

Boy Was Bathing in the Mill Race, and, But for Timely Assistance, Would Have Drowned.

Willie Symons, son of Mr. C. Symons, grocer, on Grove st., this morning had a narrow escape from drowning. He was in bathing in the race course which supplies Lingham's mill with water, and dove off the bridge leading to Mr. Taugher's pump house. Mr. John Taugher saw the occurrence, and, as the lad did not rise, jumped in and brought him to the surface. The water at this point is quite deep and rapid. The boy was much exhausted, but restorative were quickly applied, and in a short time he was able to be around again.

His First Official Visit.

Mr. Norman Jones Dingman, who was appointed Inland Revenue Inspector for this district, in place of the late Mr. W. L. Hamilton, on Saturday officially visited Belleville, the first time since his appointment. Some years ago Mr. Dingman was excise officer at Mr. Corby's distillery at Corbyville. He was nominated for the position of excise officer by the late Col. Walter Ross, of Pictou, and was appointed in February, 1875. While in the city he inspected the department, also the weights and measures office.

A GOSSIPY LETTER.

Our Ever-Welcome Correspondent, P. D., Writes Entertainingly on Leading Topics of the Day.

To the Editor of THE INTELLIGENCER.

Dear Mr. Editor.—I have read somewhere that the gates of Peking never remain long shut, and I fear you will come to the same conclusion as regards the verbal portals of your correspondent. My excuse is this: the fragrance of the woods and fields, the tenderness of the home and all the smiles of Nature on this spot cannot deter me from taking an occasional flight towards another sky not less blue or warm or engaging. And though here to rusticate, making, as it were, a little halt in the life journey, one cannot but cast a glimpse at the passing events as they unfold themselves in such rapid succession. The next losses to Canada of four or five of her most patriotic sons has left in the hearts of the people a deep, lasting regret. To know it is an all-wise Providence shapes the destinies of men as well as of nations is at such times a great comfort.

Montreal soon expects to welcome Major Grosvenor, the famous Canadian whose engineering skill has merited him not only the highest encomiums, but a most substantial recognition of his services by the Home Government. The Major, it is true, shed no blood, yet his achievement in the realm of peace and progress was none the less real and brilliant. It is the visit of the Belleville Militia to the Flower City, and though borne away miles from Olympus, would explain:

Belleville and the Fifteenth, oh boy, Salute! brave Colonel and brave host!

It has been said that no letter is complete without a word about the weather, nor, now seems, a journal without some of the "kissing bug." The French papers have hesitated to "embrasse" the word, some of them calling it "embrassement," giving it, as you may observe, the feminine gender. Others, no doubt, are waiting to see on what side of the house this rival of Hobson will exercise its prerogative before pronouncing definitely. One thing is striking, all things are disposed to, yet few seem to be looking for a preventive. Be this as it may, there is something in the name of the intruder that will go far to palliate its offense. It is shown that the temptation, in such cases, was really too great for him.

I gave you puzzle of the 17th—consisting of twenty letters alphabetically arranged and to be disposed of as to form the names of three Canadian cities—to a little niece of mine, who soon returned with Quebec, Toronto and Halifax.

Those interested in farming matters might not be uninteresting to know the hay crop in this district is just fair and brings \$6 a ton. Apples a failure. Tobacco not good. Potatoes very promising, as usual.

The Grand North Railway is being pushed with activity, and this creates life, together with the hum of saw mills, the clatter of saws, the growl of steam engines and the bright glow of fresh streams and bright brooks generally, one feels there is something in being a Canadian and that much is yet in store for an industrious, loyal, united people.

P. D.

St. Julien, Que., 25th July, 1893.

OVER \$1,000.00

Spent during 25 years on Catarrh Remedies and Specialists by a

wealthy mill-owner of Port

Singington, B.C. At last cured by

Japanese Catarrh Cure.

Mr. Joseph Little, the well-known mill-owner of Port Singington, B.C., writes:

"I have suffered from Catarrh of the bladder for twenty-five years, and have at different times spent over 1,000 dollars with different specialists in Toronto, Buffalo and San Francisco, besides trying all other remedies, but the result was only temporary relief. Hearing of the remarkable cure throughout the west by Japanese Catarrh Cure, I purchased six boxes while in Vancouver about two years ago, and since completing this treatment have not felt the slightest symptoms of my former trouble. I feel that I cannot say too much in its favor; the first application gave great relief, and I feel it superior to any other remedy for healing."

"If you are tired of all other remedies without success, and are at all skeptical as to the merits of the Japanese Catarrh Cure, enclose a stamp and we will mail you a free trial quantity sufficient for nearly two weeks' treatment. Price, 25 cents, or six for \$2.50, with guarantee to cure or money refunded. Address: The Griffiths & Macpherson Co., 121 Church St., Toronto. Sold by L. M. Waters, Cor. Front and Bridge Sts."

Not a word was heard from these agents, nor, not even a grunt of disapproval.

A contemporary, commenting upon this carefully prepared spontaneous outbreak of popular enthusiasm, says:

"There was a good deal of impertinent curiosity manifested by the Opposition to the details of this account and there was some speculation as to what the item 'sun-dried' meant. However, it seems to be the marvelous thoroughness of the able minister most apparent. Carrying torches is dry work and how was he going to get the enthusiastic people to carry the torches for him unless he provided them with plenty of 'sun-dried.' It will be the same with the 'Noble Band of Workers' who are not all treated alike. Some were privileged to carry bucket lanterns costing about 41 cents, others were distinguished by carrying 12 cent lanterns, while 270 of the elite marched proudly along bearing lanterns that cost the country 17 cents each. Yet there has been no kicking about the unequal distribution of Ministerial favors."

"What an example to the rest of us who may be tempted to be jealous of the ease with which the noble band of workers are so much favored. What an example to the wretchedly fixated and crusty buildings."

"What we like about the demonstration is the spontaneity of the whole affair—and the thought of the idea of the people."

Happy people with such a Minister!

Thrice happy Minister with such a people!

Seriously, is this not a piling of public money?

Canada's Greatest Fair.

This year will mark the coming of age of the Montreal Industrial Exposition, which will be held in Toronto from August 1st to September 30th. It is just twenty-one years since the first Exhibition was established as an annual institution under the present management. During that time it has increased five fold in every respect, and to-day can fairly lay claim to be the greatest of its kind in the world. Last year upwards of 300,000 people attended, and this year such arrangements are being made as will warrant the expectation of a still larger attendance. Many entirely new features will be presented, while the exhibits with an increased amount given in value (totaling \$50,000) will undoubtedly crowd the six hundred thousand dollars worth of buildings to their utmost.

The annual military gala, which has been given for many years, will be given in conjunction with the exhibition, and the arrangements have been made for an illustration of wireless telegraphy, wireless telephony and the improved X rays. In short the Exhibition will be more than ever up to date.

WRONG ABOUT YOUR EYES.

You're been wrong in thinking you ought to put off wearing glasses as long as possible. This very thing is responsible for much of the present day eye trouble. All eyes begin to fail at 40 years of age. When complicated with uncorrected defects which have existed the failure begins much sooner. A correction at the right time will save your eyes. Neglect is bound to injure them.

THE TRENTON SHOOTING CASE.

Three of the Men Now Under Arrest.

Further Particulars of the Murderous Assault—Little Identifies His Assailants.

Chief of Police Coleman arrived in the City last night with three prisoners whom he and his assistants had rounded up. The young man who was shot and received a scalp wound was about to mount his bicycle when he was struck on the head with the butt end of a revolver and then shot at. One of the bullets tore the scalp open about an inch.

About a mile above Trenton, in Murray, there is a regular camping place for hoboes, where there is good fishing.

During the day these gentry make this spot their home, and at night they prowl about Trenton, obtaining liquor when possible.

It is reported that there were six or more in the gang, out of which three were caught in a barn. Two of these were sleeping when placed under arrest. One of them had a revolver under his head. One other was caught in the open, he also being armed.

In court this morning, young Little identified one of his assailants as the man who did the most talking with him prior to the assault. Of the four, three were held and are now in jail. The most desperate of the gang, a short, thick set fellow, very snarling, dressed in black, has not been caught yet. It is said he had made his way to Belleville and was recognized on George St. yesterday from the description given of him. He was apparently heading for the G.T.R. station when seen.

A DESPERATE TRIO.

The three men brought to the County Jail gave their names as Jas. Hurst, Jas. Walters and John Rodgers. Hurst and Rodgers were fined \$25 each or 30 days, and Walters, who it is alleged did the shooting, was committed for trial. He will be brought up to-morrow for election.

Geo. Little, the boy wounded, tells the following story:

"I was wheeling home about 11 o'clock and when passing Harb's Corners stopped to fix my collar. Two men stepped out from the sidewalk and asked me where I was going. 'To Wooler,' I replied. 'That's where we are going,' they said. Then one of them asked me to buy a ring and said he would give me \$2 for it. 'I have only got a nickel,' I replied. 'Oh, you are like all the other Trentons,' they said, and when I got on my wheel and started away one of the men, with a light mustache and a big red nose, drew a revolver and struck me on the head with it, shooting at the same time. They then made off as fast as they could."

After the men were surrounded by the Trenton police and citizens who assisted in their capture, the three men were shot at from the sidewalk. One striking the revolver in Officer Glass' hand. Two loaded revolvers of 38 calibre, one with a couple of empty cartridges and a large number of miscellaneous articles, was taken from the prisoners yesterday morning.

BURIED AT ERIE, PA.

Funeral of the Late James Tennant

Took Place There on July 25.

Regarding the death of the late James Tennant, whose demise was chronicled in this paper a few days ago, the Evening Herald, of Erie, Pa., has the following: "The remains of the late James H. Tennant arrived in the city this morning from Arizona. Mr. Tennant left the city two weeks ago today in the hope of benefiting his health, but his condition became worse and he died on Thursday last."

Mr. Tennant was one of Erie's best known and most popular citizens. He was very well known in society and political circles and he had a happy faculty of making friends. For a year or more he was the chairman of the Republican City Committee. Deceased was a member of Lake Erie Lodge, I. O. O. F., Knights of Pythias and Woodmen of the World. For many years he was employed in the tool rooms at the Stearns shop and was a favorite with his associates. Mr. Tennant was born in Canada. His father has arrived from Toronto to attend the funeral, which will take place from the family residence, No. 624 East Tenth street, to-morrow afternoon. Deceased leaves a wife and one child now living at his home.

BEWARE OF SUBSTITUTIONS.

MAJOR J. E. HALLIWELL INJURED.

Victim of a Serious Accident at Port Huron, Mich.

Brought Back to the City at Noon Today, and is Now Resting Easily in the Hospital.

Last evening a telegram was received in the city announcing that Mr. J. E. Halliwell, of Stirling, the popular senior Major of the XV. Batt., had been injured at Port Huron, Mich., and regret was universally expressed, as "Jack" as he is familiarly called, has a host of friends. It appears that he had been at Port Huron on legal business and at 4:30 was on the station to take the train home. The train is pulled out of the station by a large mogul engine and starts off for the tunnel at a good rate of speed. The Major, not knowing this, waited until the train moved off before he attempted to board it. He caught hold of the Pullman car, but could not swing himself upon the steps and was dragged for some distance, hanging on until he came some distance. His escape from being killed was miraculous. His right foot was caught by the flange of the coach and the inner side of the member badly crushed. His left hand was terribly bruised, an ugly scalp wound inflicted on the chin and one of his face the cheek was lacerated. The accident was seen by parties aboard the train and by some of the train hands. The train was stopped, but the unfortunate man could not then be removed and it proceeded on its way. Mr. Halliwell was picked up and carried into the waiting room of the station and medical aid summoned as quickly as possible. His identity becoming known the members of the town did all in their power for the sufferer, as did also the G.T.R. employees. He was made as comfortable as possible and provision made for his removal to this City. Col. Patton, having received word of the accident, in company with Dr. Gibson left this morning at an early hour for Port Huron, and got there some time before the arrival of the victim of the accident. He was brought to the City at 12:10 and the ambulance was waiting to convey him to the hospital, where he was resting easily at the time of our going to press. As to the outcome of the accident at present it is difficult to forecast. The injury to the foot is serious, but the physicians have hopes if saving it the main bones are not fractured. The other injuries, while serious in their character, are not serious. An idea of the rough manner in which he was dragged can be gathered from the fact that his trousers and under clothing were stripped off and he lay on the ground for some time. The many friends of the unfortunate gentleman express the hope that he may soon be able to get out again without the loss of any member, in which hope we sincerely join.

A Sure Rheumatic Cure.

Mr. Robt. Collett, 70 Elliott street, Toronto, writes: "I can heartily recommend Griffith's Mashed Liniment for Rheumatism. Half a bottle has entirely removed every trace of a painful attack in my shoulder, which had troubled me for some time. I have also found it excellent for neuralgia, the rheumatism of the face, and for sore by D. M. Waters, cor. Front and Bridge sts."

WANTS A JURY TRIAL.

Jack Roach Will Cast in His Lot With the Other Prisoners at Cobourg.

Napanee, July 27.—"Jack" Roach has decided to be tried by jury and will be brought up at the fall assizes in Cobourg, where all four will be tried at the same time. As much of the evidence will be the same, it will likely expedite matters very much to have all four up at once. At first it was intimated that Roach would press for an early trial, as he had this privilege, but when he came before Magistrate Daly yesterday he wished for the trial by jury.

Not Leaving Belleville.

In regard to the article "Going to Leave," published in this paper concerning the firm of Tickell & S. S. S. these gentlemen explain that the leaving is misleading and ask us to make the following explanation: "The Messrs. Tickell have no intention of retiring from their present retail furniture and undertaking business, Front st., established 41 years ago, but, at the least of their factory expires this year and they have an opportunity to dispose of their plant to a company in a neighboring city, they are considering the advisability of selling it (discontinuing their wholesale business) or of building premises of their own."

A Heavy Fine.

Wm. Jamieson, hotel keeper at Deseronto, was yesterday convicted of selling liquor to an Indian and was fined \$50 and costs.

BALE FOUR HAD TWO OBJECTS.

First, to Impress on Kruger the Need of Further Concessions.

Second, That the Cabinet is United to Force the Issue of the Transvaal in Getting Justice for the Many Exiles.

London, July 28.—The aspect of the South African crisis has been little changed by the latest news, but the question seems to have arrived at a deadlock. The blue book issued yesterday, which sets out the history of the Transvaal to July 23, is chiefly interesting as showing that the Cape Ministry approved President Kruger's latest proposals as adequate, and that the Transvaal refused friendly consultation with the British Government before passing on to promulgating the franchise bill. It is understood that negotiations have passed since this period between Great Britain and the Transvaal.

Object of Balfour's Speech. The first opinion of Mr. A. J. Balfour, First Lord of the Treasury and Government leader in the House of Commons, at a Conservative luncheon yesterday afternoon, which was the subject of much discussion in the lobbies of the House of Commons last night, had a double object. To impress President Kruger with the necessity for further concessions and to silence the rumors of a lack of solidarity in the British Cabinet on the question.

Object of the Deb. te. The South African debate comes on in the House of Commons to-day and Mr. Balfour's strong line supporting Mr. Chamberlain is meant to discount by anticipation any mischievous speeches that might proceed from the Liberal side of the House, founded on Lord Salisbury's reticence which had been interpreted as disapproval of Mr. Chamberlain's policy.

BALFOUR SPEAKS OUT.

When Diplomacy Fails in South Africa Other Means Must Be Found.

London, July 28.—In the course of a speech at a Conservative luncheon yesterday afternoon Mr. A. J. Balfour, First Lord of the Treasury and Government leader in the House of Commons, in discussing the Transvaal situation, said that if the Government's endless patience and endless desire to prevent matters from coming to a crisis, and if all the resources of diplomacy were ineffectual to untie the knot, other means must inevitably be found to loosen it. Mr. Balfour, however, said he took a more sanguine view of the situation. He understood that the Transvaal had proposed to grant some substantial redress, although quite inadequate according to Great Britain's standpoint. It was manifestly impossible, Mr. Balfour said, that Great Britain should permanently submit to freedom Englishmen living under the rule of an inferior race. He did not take a despairing view of the situation, it would be folly to pretend that all the difficulties had been solved to reveal a peace which was not yet assured.

The Dynamite Monopoly.

Pretoria, July 28.—The Rand has referred the dynamite question to a committee of five members for examination in conjunction with the Government, with a view of finding a satisfactory settlement.

CALAMITY TAKEN.

The Place Captured by the Americans After a Vigorous Defense.

Manila, July 28.—Brigadier-General H. H. Hall, with 1,000 men has captured Calamba, on Laguna de Bay. The loss to the United States forces was four killed and 13 wounded.

It is reported in Filipino circles in Manila that the insurgents recently received consignments of saltpetre and lead from Japan. The insurgents had been experiencing many difficulties in the manufacture of good powder, that while they produced lacking power of penetration and range. The two friars who were recently arrested here on suspicion that they were the bearers of messages to Aguirre from the Filipino Junta at Hongkong have been liberated for want of evidence upon which to prosecute them.

Washington, July 28.—General Otis yesterday notified the War Department of the capture of the schooner with 125 officers and men of the California Regiment, and 256 discharged soldiers. Total passengers 1,567.

JOE MARTIN RESIGNS.

Throws Up His Portfolio in the B. C. Government and Also His Seat in the Legislature.

Vancouver, B.C., July 28.—It is reported that as the result of the Government's capture in Victoria last night Joe Martin resigned not only his portfolio but also his seat in the Legislature.

OVATION TO HUGH JOHN.

Meeting With a Grand Reception in His Present Office of the Province of Manitoba.

Neepawa, Man., July 28.—Neepawa received Hon. Hugh John Macdonald in a royal manner yesterday afternoon. Mr. Macdonald, who was returning from the Philippines, was met at the outskirts of the town by upwards of a thousand people and escorted to his hotel. He was warmly greeted by the citizens and the members of the local branch of the Order of the Sons of the Empire. He was especially decorated for the occasion, and a large number of ladies and gentlemen on horseback formed in a monster procession for the town and then started for the hotel. The procession was over half a mile long. The town presented a holiday appearance, flags being hoisted on all the principal buildings. The streets were decorated with evergreens, while large banners bearing the name of the hero were strung across the line of march. Over a thousand people crowded into the Opera House, standing room being at a premium. Hugh John's appearance in the hall was the signal for loud applause and it was several minutes before quiet could be restored. He made a great speech reviewing the issues before the people.

Prison's Thinner Sight.

Ben's July 28.—The illness of Captain Dyer has been slight, and he has recovered. His friends say that his mental and bodily condition is excellent.

Chicago Brickmakers Quit.

Chicago, July 28.—Two thousand brickmakers struck yesterday, trying to shut off the brick supply of the city. The strike is to aid union men in several of the north side yards who have had quarrels with their employers. Probably the greatest invention of the age is a woman's method of concealing it.—Chicago News.
